

“Higher Education Values and Opinions Survey”
Oregon High School Counselors and Advanced Placement Teachers, California Guidance Counselor
Narrative Answers to Open-ended Questions

What colleges or universities do you most often recommend to the students you work with? Please name three to five.

Lane Com. College 2 Univ. of Oregon 3 Oregon State Univ. 4 Western Oregon St. College
U OF O EOSC WSU OSU U OF IDAHO

1) U of Portland 2) Ore State 3) Western 4) PCC (1st 2 years) 5) Portland State

1. OR state schools are still a great bargain. 2. Small liberal arts colleges with small classes--Freshman & Soph. 3. U of Puget Sound Linfield Evergreen St.

1. Southern Oregon State College 2. Oregon Institute of Technology 3. University of Oregon 4. Western Oregon State 5. Willamette

1. U of O. 2. OSU. 3. other five state system schools. 4. Private schools Washington. 5. Private schools elsewhere.

1. University of Oregon 2. Oregon State 3. Linfield 4. Willamette 5. Stanford

1-Ivy League Schools 2-Large Private Schools 3-Public w/grad reputations (in no specific order)

A Variety: Pomona BYU Washington Univ. (S.L.) State Schools

Al Collins School of Design University of Oregon California College of Arts and Crafts Rhode Island School of Design

All in state schools SOSOC OSU U OF O OIT ETC.

all Oregon institutions

ALL UC's; ALL CAL STATE's; ARIZONA; OREGON; COLORADO

ANY- SOSOC,PSU,RCC, U OF, OSU, Seattle Art Ins

As a Counselor we work with students in researching & making their own decision as to college!
Decisions depend on student, major, academics, financial, etc.

As a new resident in Oregon, the only schools I feel competent to talk about are on the East Coast. Duke, UNC

B.Y.U. P.S.U. UO. E.O. UW

Blue Mountain Community College 2 year state schools OSU U of O for cost and depending upon major field

Blue Mountain Community College Eastern Oregon State College University of Oregon Willamette Univ. Oregon State Univ. Linfield College

Blue Mt Community College Boise State Other Community Colleges

Blue Mt. Community College Eastern Oregon State College Western Oregon State College Oregon State University

Bryn Mawr Harvard Penn Williams Brown

Ca Public System Colleges: 1)Ca Community 2)Ca State U 3)University of Ca

Cal UC schools Cal State schools private schools

Carleton Bowdoin Dartmouth

Carlton Pomona Whitman Berkeley

CCC U OF O OSU PSU

Central Oregon Community College University of Oregon, Oregon State University Eastern Oregon State College Western Oregon State College

Chemeketa Comm. College OSU PSU U OF O

Clatsop Community College WOSC OSU

Community College (Chemeketa) U of O OSU Linfield Willamette

Completely individualized, by student.

Cornell, U of Oregon/Honors Rice, Whitman Stanford

COSC, Whitman, Pacific, OSU, Lewis & Clark, Cornell, UO, Willamette, Dartmouth

CSU schools: ex. San Jose State Santa Clara U. U.C. schools

CSUS ARC Cal Poly Consumnes

Depends entirely on the student. Too many to answer this question

Depends entirely on their career plans.

Depends on level of student

depends on region of country and needs of students

Depends on student

Depends on what the student wants.

Depends on what the students is interested in studying. Portland Comm. College PSU U of O OSU

Depends upon their choice of majors, size of school they want, geographical location, etc., etc.

Do not- However, do recommend small liberal arts over university

Do NOT recommend colleges I offer information so students & parents can choose what they think is best for them.

Eastern Blue Mountain Linnfield Treasure Valley Central Oregon

Eastern Oregon U of O Oregon State TUCC

Eastern Oregon State College Whitman U of O OSU

Harvard Chicago Princeton

Harvey Mudd Amherst Williams Swarthmore U. of Illinois

Harvey Mudd U of Washington Willamette Seattle Pacific

Harvey Mudd, Uni. Wash, Wellsley, U of Oregon, Wash Uni, St. Louis and a host of others

Honestly each student is different-I am not able to list only three to five

I ask what they're interested in public, private, in-state, out-of-state and go from there.

I attended OSU - will recommend any Oregon Schools

I do not make specific recommendations, other than suggesting 2 or 4 year schools depending on students' academic and financial status.

I do not pre-select colleges for my students

I do not really recommend. I expose and explain choices. Most students/parents are about U.C. system and private colleges. e.g. Stanford, Princeton, Yale..etc Out-of-State 1st Colorado 2cnd Oregon

I Do Not Recommend

I do not recommend any specific colleges.

I do not recommend at all.

I do not recommend colleges to my AP students unless personally asked.

I do not recommend colleges to my students- but I do comment on their selections.

I do not recommend colleges to students. We look at what their major goals & needs are & then I make suggestions & send them out to look. I might suggest Warner Pacific in one incident, UO, another.

I do not recommend institutions by name.

I do not recommend schools. I help students choose a list of schools to research. Every student creates a different list.

I do not recommend specific colleges. I encourage them to compare their interests and financial situation with what colleges have to offer.

I do not specifically recommend any one college.-We look at many-

I do NOT specifically recommend certain colleges to students

I don't - let them make those choices

I don't have a preference

I don't list any until I've listened to the student.

I don't make specific rec's - I discuss what I know about schools.

I don't really do this

I don't really recommend.

I don't really recommend. I provide information

I don't recommend any unless asked. I do tell them that Portland Comm. Coll. and Portland State have good programs.

I don't recommend any, I encourage them to research where they are going to go and then discuss their considerations they are making.

I don't recommend colleges or universities

I don't recommend specific ones but discuss the fact that they meet the Un. of Cal. requirements they will be eligible for any place they want to go. I do recommend that they apply to at least one UC.

I don't recommend, I offer advice is asked about specific institutions.

I don't recommend. I only advise that student parent look for themselves.

I don't recommend. I recommend they collect and process information. I help.

I don't recommend. I send students to resources that will help them make a decision on colleges.

I don't recommend-their needs are all different. Lately I definitely emphasize privates & out of state and then CA.

I leave the recommendations up to the college guidance counselor. She's excellent at matching students' needs & goals with schools.

I let them choose

I make recommendations after THEIR choice. Stanford Brown

I merely WORK with their choices and discuss. I usually discourage attendance at U of O when possible.

I never recommend colleges though occasionally students or parents have discussed the choices they are making and asked for my observations.

I rarely do this.

I really don't recommend any. I work with the students on their choices of colleges.

I really don't recommend colleges. I leave that up to the students.

I recommend the following because the students DON'T know them: Rice, Macalester, Grinnell, Union, Washington & Lee. The local and other more popular schools they know.

I recommend colleges based on students aptitudes interests & needs - Not by college Name!

I recommend State Colleges: U of O & OSU, U of Puget Sound, U of Washington, Whitman, Willamette & Linfield: mostly Oregon colleges

I recommend to my students to choose the college that suits them best

I recommend to those students who aren't sure what they want to do, that they look into a comm. college.

I recommended all 4 year colleges/universities in Oregon, Washington, and Idaho.

I teach A.P. I never recommend. Students come to me to write recommendations to particular colleges/universities. I have recommended the U of O on several occasions.

I tell students that a college experience is worthwhile almost anywhere.

I tell the students to apply to one State College, one private college & one community college in state! I tell them to apply to two colleges outside the state so that they can have some choice where to go!

I try to recommend the college or university most appropriate for the student's interests and financial ability to pay. It's hard to say.

I use Peterson's Computer Program- students choose colleges based on major, geographic location and academic standing most frequently- Final cost is also a factor as is size.

I usually don't make recommendations

I usually don't recommend a school. We discuss pros and cons, strengths and weaknesses of both school and student.

Impossible to answer because it depends on the students' college profile!!

Impossible to limit to 3-5. It depends on the student's abilities and personality. We try to match students to institutions.

It DEFINITELY is NOT a counselor's place to recommend specific schools. The guidance is how to select.

It depends entirely on their individual needs

It depends on students, I don't have a list.

It depends on the student- for value, an in-state public institution is good. For those who like small, a private one is best.

It depends on the student. I recommend the colleges that will best fit with the student's interests and goals.

It depends on their career goals - money etc.

It depends upon the student and his/her priorities. The U. of O. is certainly one consistently recommended

It varies so much with the students and their objectives. Out of 31 students this year. I have students going to Smith, EOSC, Duquesne, Purdue, Cogswell, Ariz. State, Concordia (Ptd), Concordia (Seward, NE), PLU, etc. The most common are WOSC, Concordia (Ptd), PLU, U of O.

Ivies (all!) Wesleyan Northwestern U.C.'s (all!)

Ivy League UO/OSU Willamette Reed Lewis & Clark Cal Tech/ Pomona

Lane Community College Chemeketa Community College Southern Oregon State College University of Oregon
 Lane Community College University of Oregon, Oregon State University

SWOC UO OSU Western William & Mary

SWOCC OSU OIT U OF O SOSC

The ones that match their interests wherever in the country they want to be.

The University of Chicago Northwestern Columbia University of Washington University of Virginia

The University of Oregon Willamette University Lewis and Clark College Whitman College Gonzaga
University

These refer to the # of recommend I write.(w/ arrow to "recommend" in question above): University of
Puget Sound, Willamette University The ones I usually recommend kids think about: Smith/Mt
Holyoke Williams/Middlebury/Amherst Vanderbilt/Bucknell

They dont ask me generally but occasionally I have the opportunity to defend the U of O

This depends on student interest.....I would NEVER push one college over another.

This is hard to answer because I give a list to each junior of 20 college or so which, is determined by
major interest, GPA, SATS & geographical preference

This totally depends on their chosen career interest. All state schools, Willamette, U of P, U of W, WSU are the major suggestions.

To varied of a list.

C5. Why are your feelings that way (positive, negative, or neutral)? Please tell us about the bases of your feelings about the U. of O.

"Liberal Arts" atmosphere, a positive climate Other positives: diverse cultures, beautiful campus (Was positive in the past have gone down hill) The U of O has made poor choices in the cuts it has made. It should not have cut the Education Dept. and kept the Law School. We have an overabundance of lawyers and legality in our society. Too few professors are involved in undergraduate education.

+: Eugene -: grad.teaching assistants as teachers.. poor quality undergrad teaching- especially ESL grads - : CS department, not mainstream w/industry & very hard to mesh w/

3-HOUR COURSES BECOMING 4-HOUR COURSES-CRIMINAL! 2 ELIMINATION OF INSTRUCTORS, AND THEIR LIKELY REPLACEMENTS BEING G.T.F.'S 3 the interest on a tangible, real basis in high quality instruction, espec. in undergraduate program 4 raising the salary of the provost by \$5,000, considering our crisis in education, espec. in classroom. much more.....

BS &MS UO 2 Problems with my MS Advisor Retiring 3 Problems with attitude of V.P. under Paul Olsen Re: disruptive activities sanctioned during Finals week

Good School 2 Cutting programs due to measure #5 3 Cost is increasing yearly

1) I earned my PhD at the U of O. 2) Our daughter will earn her BA there. 3) Our students who attend there are generally positive.

1)One son a graduate 2)Another son a law school graduate 3)good reports from students 4)workshops and conferences 5)positive counselor relations

Attended the U of O - very positive 2. opportunities are available for indepth study 3. atmosphere very positive/students and staff.

Donald Duck 2. Autzen Stadium holds many fond memories for me (non-sports)

Evaluate the graduates. 2. Opinion from others.

Feedback from students who have attended. 2. Campus visits

I've attended there 2. I've talked with students there (my former students) 3. One of my kids attended U of O (Honors College)

Past experience as a student. 2. Quality of education I received. 3. Convenience of the town size & services.

Provide for the students 2. good undergraduate program

Safe school. 2. Small town atmosphere and community support. 3. Diversification of student body. 4. Our students feel comfortable at the U of O.

tuition is reasonable

Work with our students who have gone to U of O 2. Gorman's rankings 3. Campus visits of my children are graduates of the U of O; I have taken some post-grad. work there, in math and in creative writing.

family members have graduated from U of O

A brother & a sister graduated there -visitation -

a general reputation for providing a good education

a good school- would neither highly recommend nor not recommend.

A GOOD STUDENT CAN GET A GOOD GENERAL BACKGROUND WITH AN INTERNAL MOTIVATION.

A shift away from Liberal Arts...

Academics are OK, disorganized and not very helpful to undergraduates, getting very selective, cater to grad student. Others are lost or drunk - reputation as a party school

After attending several summer sessions, and experiencing through observation an unwillingness of the school to reflect the values of mainstream Oregonians. Ultra Liberal with "anything" goes as a philosophy under the guise of "academic freedom" even legalized intimidation.

After graduating from Lewis & Clark I attended U of O - I had a good experience.

All dealings with the school have been positive and professional.

All members of my immediate family except myself attended U of O

Alumnus 1976 Son is freshman '94-'95

An excellent environment for students to experience a university.

Animal House -Track Team -The building of a better Science Curr.

athletics research well kept grounds majors available

Attended graduate school there. Have referred a number of students.

Attended U of O as undergraduate, received Masters Degree from U of O. Have many former students who have attended U of O, work with U of O graduates.
 Attended U of O for a brief time in 1969.
 Attended-felt good about program.
 Attended-Saw the social atmosphere destroy many students. Much to liberal (housing, etc.)
 Attitude of students and people in the university.
 B.S. from U of O '78
 Based on all the students that I have had that attended and graduate from U of O, and all other school outside of Oregon, I get the feeling that it is a good average university.
 Based on previous students experience, their attitude towards their learning environment
 Beautiful campus Positive reports from former students
 BECAUSE of the faculty- Because of the reports I hear from former students
 Because of the students we send there The rep visits
 Because of your strong Honors Program.
 Been there and earned B.A. and I have M.A. I get constant feedback from my seniors who go onto U of O
 I teach 100's of students every year. 1. Bureauratic red-tape through administration office 2. lack of coordination among departments, administration, registrara, etc 3. eliminated the school of education 4. spend exorbitant amount of money on athletic teams
 Breadth of curriculum; facilities of a large campus; UO faculty i've heard speak have usually been impressive
 Brother-in-law graduated from U of O; now works at Mayo Clinic. High academic standards; great library; strong programs.
 BS & MS from there- enjoyed the experience. Fairly conservative in early-mid 80's. Hate to see liberal roots taking hold again.
 Campus visit. Positive feedback from students and parents. Ratings in publications.
CAMPUS VISITS, CLASSROOM VISITS
 Caring faculty, challenging work
 Challenging science program, taught by concerned faculty or pretty-well trained GTFs, and the program is somewhat flexible. Or. Inst. of Marine Bio is excellent!
 City of Eugene supports university and college atmosphere. Former students have stated good things about U of O.
 Class sizes too large (negative) undergraduate courses taught by grad. assistants (neg.) Great diversity (positive)
 College REP comments students comments who have attended
 coming from a small community I often hesitate to recommend U of O because of its size. Many of our students get lost in the shuffle. However, those who have endured have received a fine education.
 Comments from former students
 Considering the financial limitations placed on the U of O by the state, the Univ. does a great Job Look at the National Ranking!
 Did graduate work at the U of O Involved with math dept Feed back from students.
 Discuss with U of O students and attended off campus class. I've been on campus also
 Discussion with students at U of O.
 discussions with students who have attended- alumni with whom I've worked-
DIVERSE COURSE/MAJORS
 Diversity of Programs Diversity of student body Nice balance between teaching and research
DON'T LIKE THE LOCATION VERY WELL
 earned my MS in Teaching Geog. -good profs -undergrad classes were fair to very good -good financial aid back then!
 Environmental issues become a focus rather than a partner with business & industry. Public & students somewhat radical in opinions.
 Eugene is a culturally diverse area. U of O offers a variety of academic & other important experiences to youth.
 Excellent location Good value system
 Excellent reputation high standards
 Excellent school- Perhaps **LEANS TO THE LIBERAL EXTREME**. I hate being asked for money when I'm in that area. Lots of panhandlers. I don't support tax dollars used for extremes in social cultures.
 experience & contact
 Experience- 2 degrees on faculty 15 yrs H.S. counseling
 Experience of our students there, parents' reactions, and a visit to the area.

Experiences of students at U of O from my school.
 Experiences- w/others and personal attendance.
 Facilities inadequate/poorly maintained. Attitude of students are there to serve the staff.
 faculty don't seem to take a personal interest in students. Miss appointments for example, Are not well informed to advise students.
 faculty I know & have worked with my own work on campus & in courses work my former students have done at U of O & told me about what I read about U of O in papers & magazine
 Family members and students received positive education there.
 Far too liberal bias of faculty and students
 Feed back from students who have gone is fair. I have not met very many Physics Prof. at our American Ass. of Physics Teachers meetings. (AAPT) I have been on campus a few times.
 Feedback from friends, former students who have done both BA's, BS's, and PhD's.
 Feedback from students Contact w/ admissions National surveys
 Few programs applicable to me personally. Don't know enough to be biased
 focus on strong undergraduate education -Innovations, not satisfied w/status quo (FIGS, freshman seminars) -Honors College
 for our students in Calif. it is an economically feasible option to the Cal. public universities. It doesn't attract our best students because it is not highly selective. (It has "snob appeal" - thank goodness!
 For some programs the U of O is excellent. Our students from a small Eastern Oregon town are not always comfortable in Eugene (large, wet, far away), therefore they're not always successful.
 Former graduates have good things to say about the school.
 Former students attending or earned a degree at U of O have done well while at the university and after earning a degree. Some have gone on to graduate study.
 Friends and former students who have attended U of O
 Friends, associates who have attended.
 From friends, relatives, former students who have gont there- Also peers who are alumni-
 From personal experience and former U of O students.
 from visits. talking to students. Admissions officers, faculty etc.
 From what I have heard and read.
 general funding for state schools rots
 general impression from catalogs, correspondence, previous graduates who have attended.
GENERALLY POSITIVE- I'VE BEEN A STUDENT ON CAMPUS.
 Generally positive, I'm apprehensive about the loss of quality programs due to Meas. 5 cutbacks
 Generally, my feelings about higher institutions are always positive-especially public institutions over private- due to factors of cost & issues of diversity and variety.
 good academic school
 Good experience un classes I've taken at the U of O.
 Good experiences there in completing teaching credential and Post graduate work in Econ.
 good faculty -born and raised in Eugene
 Good Lib Arts school Reasonable science Lost accreditation in some areas "Radical"/liberal face to most people
 Good location & close to Calif.
 Good programs, quality faculty, students love it there
 Good Quality State School went there for MA/PhD Honors college excellent
 Good record with our students - Torrey Pines kids are VERY happy; they speak highly of the school
 Good reputation Good faculty Excellent course offerings
GOOD REPUTATION GOOD STUDENT FEEDBACK
 good school for students who fit in- for other students O.S.U. is bettr fit for them- OSU and Oregon have 2 totally differant atmospheres
 Good undergrad program
 Good undergraduate programs. My sons had good experiences at U of O.
 Grade inflation has weakened the quality of the academic program - in a word, it's a gut. Although some fine programs exist, the overall quality has been watered down to attract more students that it offers small challenge to motivated students.
 Graduate Degree at U of O
 graduate of U of O
 Graduate students are employable and well prepared for the future.
 Graduates and their sucess and comments.

great programs social climate much too liberal for me -
 Growing up in a rural community next door
 Had a daughter graduate from there.
 Has been fine institution, falling into crisis of monetary support.
 Have attended courses at U of O. Husband Son graduated from
 Have attended special events at U. of O., as well as numerous graduate classes.
 Have made an effort to make the freshman year easier for kids in adjusting to college. Students who are
 attending are positive about their experience.
 have never been there and very few of our students go to Oregon
 Have not had any students attend.
 Have not seen alumni come back really excited w/ their courses of study except for one involved w/
 theater. Have seen several students get heavily caught in party/frat scene to their academic
 detriment.
 have visited campus, sat in classes, know several faculty members have done research in the library have
 seen dormitories
 Have visited there and spoken with faculty a number of times.
 Having spent time on campus.
 High instate costs compared to neighboring states. Lack of faculty involvement with undergraduates
 hippie reputation
 History of a job well done students feed back
 husband and daughter attended U of O son coming
 I am a graduate of OSU- all rivalry aside, I know U of Oregon is ALSO a quality program.
 I am a graduate of the U of O. I use its facilities, and often get information from its various libraries,
 offices, etc.
 I am a graduate of the U of O. The media is not complimentary. Budget cuts have eroded programs.
 English department has been biased.
 I am a U of O alum. I appreciate support of the university in the classroom in the community and state.
 I am a U of O alum. My daughter is currently an undergraduate at U of O. My feelings are sort of, but not
 wildly, positive.
 I am a U of O graduate. I received a good education while there. I am acquainted with several young
 people who have attended U of O.
 I am a U/O graduate, I live in Eugene and in spite of what I consider
 I am an alumna and have been on campus frequently for meetings.
 I am an alumni--my experience was good. I am VERY concerned that our brightest kids can now go out
 of state for the same or less cost. Measure 5 is breaking the back of Oregon education! My
 daughter graduated with a 3.97 GPA, second in her class, 1210 combined SAT and was not
 eligible for any scholarships from U of O. She has gone out of state to school.
 I am an alumnus
I AM AN ALUMNUS
 I am from California & graduated from UCSD w/ a BA & Stanford w/ a MEd. I am not that familiar with
 the Oregon System based on personal experience only from the students who go there.
 I am in such despair that colleges & U's don't teach anymore or never did. They function differently, but
 the outcome is the SAME. Universities don't FACILITATE LEARNING! Faculties facilitate their
 own RESEARCH!! A terrible thing for young people! Universities and Colleges need to
 reevaluate their FUNCTION. The shift to "publish or perish" turned the emphasis from
 memorization to research. NEITHER serves the student. The public is caught in the web and feels
 helpless.
 I attended graduate and undergraduate classes there and worked as a Research Assistant in the College of
 Ed. Loved the campus and diverse offerings, educationally and culturally.
 I attended graduate level math classes in the early 1970's funded by NSF. They were excellent, and I liked
 the Eugene area.
 I attended graduate school for 2 summers. I have students who attended and am aware of their successes.
 I attended Oregon schools & did a great deal of research at U of O. I also have a variety of friends who
 teach at U of O or were students at the school.
 I attended the U of O
 I attended the U of O. (BA, MA) Former students have had positive things to say about the school.
 I attended the U. of O

I attended the University for my first five years. While my time wasn't perfect, I found the music school to be superior as well as social sciences and offerings from the Honors College.

I attended there, had a good experience and felt I was well prepared for my career.

I attended U of O

I attended U of O and have been back to several summer sessions. I have friends who have graduated recently.

I attended U of O as an undergrad & grad. student. However, I have seen it wither under declining budgets in the last ten years.

I attended U of O for both my undergraduate & masters degrees.

I attended U of O one summer & took 16 credits in 4 weeks. Classes were a joke, staff unprofessional, expectations LOW.

I attended U.O. My wife attended U.O. Two daughters attended U.O.

I attended UO, I know students who have/or are attending.

I base this opinion on student I have taught who attended the U of O

I believe 6 & 7 answer this {Honors Co., International Co., Japanese Prog., Science Prog., Students may Commute }

I believe the U of O has strong programs in arts and humanities areas to balance OSU's science areas.

I believe U of O is a good school with much to offer our young people.

I considered UO as my own choice. I went to school in Cottage Grove. Good reputation in some areas. I know nothing about UO in regard to science.

I doubt the quality of their programs based on the quality of student they enroll. They need to raise their entrance standards! Students are accepted to the Univ. who are not ready for college. They are being set up for failure. Set higher entrance standards and the students will meet them.

I feel I personally received a good education there, earning two Master's degrees. My experience with faculty & administration were generally good. Nice campus atmosphere.

I feel that programs provided are probably comparable to most public universities. And I have never heard anything bad about the school.

I feel UO offers a great variety of programs and our kid got a quality education at the U of O

I feel very comfortable with the staff and campus. Also the feedback from my former students is good.

I graduated from a state university with strong liberal arts programs. I see the two schools as being similar in several ways, though I think my alma mater has a stronger reputation, particularly at the graduate level.

I graduated from the University 27 years ago and I have only had contact with the foreign language dept. since then. I don't hear much about the other departments or schools.

I graduated from the UofO and never regretted a day there-A quality institution. I was well prepared for what I needed to do.

I grew up in Eugene.

I grew up watching U of O football and basketball. When I became a college student I spent a term at U of O after Chemeketa C.C. and loved it. The professors were intelligent and challenged you, people were friendly and diverse and the campus is very nice.

I had a great experience in Eugene. Very academic atmosphere.

I had a very positive educational experience at the U of O.

I had two sisters which attended U of O and had positive educational experiences.

I have 3 degrees from the UO, and I've loved getting each one. Faculty are great! My two children got excellent educations there, also.

I have a M.S. from Oregon & both children have attended. All of our experiences have been excellent. As a counselor, I have always found cooperation and information readily available & people very helpful & agreeable.

I have a Master's Degree from U of O, and my wife is currently enrolled in a Master's Degree Program. Mine was good hers is excellent!

I have an M.A. and most of an M.S. from U.O so i know it well. My experience w/ faculty has been excellent and the variety and creativity in course offerings is outstanding.

I have an M.A. from U. of O.

I have attended classes there

I have attended conf at U. of O. I am aware of numbers of your staff

I have attended several workshops there and found the faculty and facilities positive. I attended OSU, so I also have some rival feelings about U of O

I have attended U of O several times and have received quality instruction

I have been involved in one play at the U of O. I have used its library. The school itself seems solid, but the students seem to be in love with a purely narcissistic retro-60's bohemianism.

I have been on campus a number of times and have felt very comfortable there. The U of O's reputation as a liberal arts school is outstanding.

I have been on the campus. I have taken coursework on the campus and I have had positive interaction with the faculty and staff.

I have dealt personally with five different departments & have found them all to be substandard. The mentality is so limited. I have had a few good teachers.

I have earned a MA degree & enjoyed the experience

I have found it an unfriendly campus lack of communication among different disciplines. Known as a Party School.

I have gotten good feedback regarding the school and those students from here that go there have done well.

I have had a positive response from friends who have attended u of o and hear good reports about the school in general

I have had good experiences taking courses at the U

I have had many positive and enthusiastic conversations with students who are or who have attended U. of O. and who have attended and graduated from our school. I also hear many positive reports from Go Yoshida, who is completing requirements for his Master's degree from U. of O. at this time.

I have had the opportunity to work with certain programs at the U of O. So I have had quite a bit of 1st hand experience

I have had three children attend the U of O. Two have completed degree programs. Other high school graduates from our high school have had positive experiences.

I have heard great feedback from my students at U of O.

I have known many students who have graduated. I attend workshops there.

I have lived in Oregon my whole life and attended the U of O - the school is student oriented, often altering or improving programs to meet students needs & decisions. It is a progressive and forward thinking school.

I have lived in Roseburg and attended various functions at the U of O. I believe the quality of education is fairly good. However, I think the political correctness the institution sponsors is a bit extreme.

I have met many good people at U of O & have enjoyed a number of good experiences there. My son attended U of O & received a well-rounded education there.

I have my undergraduate degree from the UO, and have continued to take courses through continuing ed. I have friends who serve on the faculty. I had a good experience in the major courses that I took (chem) and an average experience in others.

I have spent time there. -Many of my former students go/ have gone there; most like it. -I like Eugene.

I have taken classes there, stayed on campus, taken students on yearly visits.

I have taken courses on and off campus and they have been excellent.

I have taken only one class there. I have friends who went there.

I have very strong feelings(both ways). I graduated from the U of O. and I think I got an excellent education. BUT that was 25 years ago. My daughter attended and did not receive as good an education. Unfortunately because of Measure 5, U of O's reputation has been hurt.

I have visited & talked w/ past students who have had + & - view points on U of O.

I have visited the campus & the students we send there are very positive

I have visited the campus and I was favorably impressed. My niece attended U of O and thought highly of the school.

I have visited the campus. I also know several students who have found it a pleasant place to go to school.

I have visited. We have sent students there.

I know a few graduates from U of O, and they were positive and happy about the quality of education they received there.

I know many teachers who took classes and/or worked there. Eugene has a good feeling left over from the "60's generation"

I know several people who went to the U of O. They had high comments about the school.

I know several successful graduates, I know depts that have excellent reputations

I know students, former students, instructors.

I know the biology is excellent with an outstanding staff in that area.

I like Eugene area. U of O has a broad range of educational opportunities plus a large variety of learning & recreational possibilities outside the normal curriculum.

I like Eugene. My son attended U of O & liked it. It has a liberal reputation. It has a wide variety of majors. It set reasonably rigorous standards for entrance.

I like the admissions people; the students I send there like it; it has some excellent programs

I like the campus and the community. While I feel the undergraduate courses are somewhat crowded and impersonal, I've heard good things about the upper division courses. Students seem to receive a well rounded education

I only have hearsay information.

I personally had a good experience in getting my M.S. (Math) at U of O.

I played football at OSU a long time ago for one season.

I received a good education there. We have sent many of our best students to the Honors College where they have also received good educations.

I received a master's degree from the U of O. Summer Session teachers were for the most part concerned about teaching not just lecturing.

I received my Bachelors degree and have done all of my post-grad work there! I was raised in Springfield and have always supported the U of O.

I received my BS & MS degrees there.

I received my masters from U of O

I received my Masters in Counseling Psychology in 1984 & I loved going there.

I received my undergraduate and graduate training at the U of O.

I spent three months on the campus, and have been familiar with the university of some of its programs for many years. Here at school. its representatives who visit have been first class.

I taught numerous students who have attended U of O They have been no less excited & no more excited about their learning than those who attended UCC (Umpqua Community College)

I think the education, based on the experience of my sons and their friends (several National Merit Scholars), was excellent. They feel they were well-prepared in liberal arts and on specific majors. Most have since gone on for graduate work.

I think the U of O offers a unique environment. Students seem to enjoy the himiness of Eugene with a big college atmosphere.

I think they give a good general education for the price. I think some areas are better than others.

I understand that it is located in the ideal size and type of city for an undergrad-very much of a college town atmosphere-there are a wide variety of majors and extracirriculars

I used to live in Eugene and know members of the faculty. I also have sent my students to the Foreign Lang. Fair & visited Spanish classes with my senior students. I have had exchange students visit my class.

I visit the U of O every year-I feel everyone has a genuine interest in strangers. The positive feeling the staff has about the U of O.

I visited the campus. Vibrant. Have many friends who have attended and say good things.

I was a graduate student at osu when the navy recruiters were dumped out of a 2nd story window of the m.u. and i've talked with many former students who attend(ed) u of o. i've done some work there.

I was an undergraduate there - Most of my duaghters' friends go there - We cannot afford to go

I was on scholarship to attend the U. of O., and I received my B.S., & Master at the U. of O. Generally my experiences were positive

I was put off by the arrogant attitude of SOME of the professors.

I was very impressed by the fine/informative presentation by a representative from your admissions office.

I went to U of O oldest son graduated from U of O

I worry about program cuts. It is hard to guide students into a system that may cut their desired programs.

I, my husband, my brother, sister, both parents, and my aunts & uncles all graduated from U of O! I loved it, and felt I got a good education. I have had many students attend U of O, and have almost always gotten positive comments from them.

I, personally did not have a positive experience w/u of o, but I have students who are happy. I attempted to enroll for my Master's Program, I felt I got a "Big University" run around. The program I was interested in was cut anyway.

I'm a native Oregonian 50+ years. Have never heard anything negative about the school.

I'm a new resident. What I know is hear-say.

I'm from Eugene-Roseburg-Salem! I love the town-I miss Oregon.

I'm very concerned about the lack of education of grad students who teach classes, don't speak English and the Prof. who gets big bucks but don't earn it.

In my mind-a bit too liberal- too "hippieish"
 Info from the college rep. Student & parent perception Reputation
 Infor. I receive from pamphlets, reps. on campus-
 Information from students/graduates of English and Speech Comm. departments.
 Information from your admissions reps, our students who visit and alums.
 It has a nice campus atmosphere. I like the rural setting walking to Autzen Stadium, across the bridge
 through the woods. The campus isn't so big that one doesn't get lost also there is not a feeling of
 indifference among the students/faculty.
 It has a wide range of cultures present. It is in a large city. It presents many opportunities to students.
 It has such a great reputation from the other teachers I work with & from the former students of mine.
 It is an integral part of this community
 It is COLLEGE!
 It seems to have high standards Clean, nice campus. I know an UO grad and he spoke highly of UO
 It was fine for me but I was a graduate student. It has somewhat of a party reputation among students who
 are in college to major.
 I've attended classes/seminars & have been pleased. I send my students to workshops there. I know many
 esteemed colleagues who are past graduates.
 I've heard a lot about it-have been on the campus. I've heard that it is better than OSU.
 I've lived up here (in OR) for only 1 1/2 years and have only worked with advanced (college bound
 students) 1 yr.
 I've spent many years at the UO. I've had some marvelous profs that helped me immensely & supported
 me in my career choice - teaching English & Latin.
 I've taken several graduate level education courses.
 I've visited and have had friends there in the past.
 I've visited the U of O. I have ex-students who attend there.
 Know personally many staff members. Have had three family members graduate from U of O.
 Know some faculty members; husband is alumni; know some attending students; read about it in paper;
 Knowing friends who go there or have worked there.
 Large
 Large campus Medium size city Good faculty Good programs I like the atmosphere
 Large class sizes, little student & professor contact, advising problems (students believe they'll graduate
 in 4 years, but it seems to happen rarely)
 Learning is important and the U of O is part of the community of universities. The literature mailed to me
 by the U of O rightfully touts the achievements of the faculty.
 Library contents need update
 Lived in Oregon all my life. Been in education for 15 yrs.
 Location is limited. Unknown future with measure 5
 Location Reputation (except for "californians may visit but don't stay"
 Loss of funding for Oregon's institutions of higher education is a concern.
 Lots of choices Good faculty Lots of drugs-alcohol RAPE cases
 Low admission Standards
 Make tough decisions cannot be all things to all people. decide what your mission will be and invest in
 these programs cut the rest. decide to be the best at what you are like: DeVry Institute of
 Technology, Cal Poly Tech, BYU, College of Southern Idaho, U of Puget Sound, OIT.
 Many fine professors and excellent programs in some fields. I like the campus & think it is a good school.
 Many of my students attend u of o and are very pleased with the education.
 Many of my students have attended & been very happy. You have a fine architecture program which my
 students love. Size of student body great. Lots of athletics at intramural level.
 Many of our students attend U of O. They are very happy there.
 Measure 5
 Most of my feelings are based on my profound experience at the U of O.
 Most of the U of O students I'm familiar with have gotten an excellent education.
 My 1 1/2 years Fall 1961-Spring 1962 for graduate school was a very valuable experience
 My campus visit (a long time ago)(20 yrs ago) Info from grads who are friends Visits of admission reps
 to our high school
 My daughter attended U of O until her major was cut (for 2 years) then did final 2 yrs at OSU- The
 classes she took at U of O were stimulating & diverse-world class-cosmopolitan.

My daughter considered going to U of O but went to PSU because she wanted to stay at home. She applied to U of O and was accepted. We visited . It's a beautiful campus! Also talk to students who have gone there.

My daughter just graduated with a bachelors degree from U of O

My dealings with the U of O have always been pleasant.

My education there was positive and valuable. Nice campus. Excellent faculty.

My experience with the U of Oregon has always been positive. As a graduate student I had excellent instructors, outstanding science courses, respectful treatment by faculty and staff. They made me feel important. Exposure to some outstanding guest lecturers and instructors makes me feel proud to be a U of O graduate.

My experiences at the U of O were good overall. Good ratings for the U of O have been published + publicized.

My experiences in grad school

My feelings about the U of O are based on visits from represenatives (Tara) former students' comments plus a visit I made to the campus a few years ago - I really like this school.

My feelings are based upon summer courses taken at U of O, discussion with students & colleges who have attended U of O and information obtained through various media sources.

My feelings are probably neutral to negative based unfortunately on prejudiced views of the "hippie" students rather than the college itself.

My former students seem to like it and feel that they are getting a good education

My husband and I both graduated from U of O My husband went to Law School there My son graduated from there We feel we received good educations at U of O.

My M.A. comes from the U of O. It was a good experience. I learned a considerable amount.

My major concern about our students attending U of O is its size. Students who have traveled and are not very conservative will adapt more easily.

My Masters degree is from the U of O, my educational experience there was generally positive.

My Master's Degree was obtained at U of O and I felt that almost EVERYTHING was positive there.

My own bachelors degree is from UO. Lived in Eugene area for 10 yrs., so lots of good memories. A NEGATIVE, though, is the cutting of programs, including mine.

My reaction to the U of O is that it is a campus of LIBERAL creative "artsy" people, many of whom are involved in promoting social issues of a liberal nature. I'm a conservative left-brain type. Whereas I feel real uncomfortable on your campus, I feel at home on OSU's campus. (It's been 10 yrs since I was on your campus so things could have changed.)

My reservations come from 2 years my son spent there when he did not have enough of a challenge and difficult dorm situation.

My son attends

My son is a U of O student and I get informations from him.

My son went there 3 year undergrad 3 years law school

My students are happy there.

My students have experienced success at the U of O.

My wife and many friends attened U of O

National reputation of College of Business & some science programs

Negative about the Berkeley philosophy often projected. Great Environmental programs. Far less reality provided in working & indusrty needs Media often spotlights "radical" protests, kicking in the windows at the Fed. Bld rarely shows undergrad learning taking place- Physics research has been spotlighted

Neutral - the funding issue keeps moving class size up and offerings down. The history of dropping majors and schools over the past 25 yrs sully the fine reputation developed previously.

Neutral-depends upon program individual is studying

no personal experience family member attended & transferred simply neutral

On the foreign-language field day for high-school students, I've been impressed with the quality of instruction & equipment, and I've enjoyed the beauty of the campus.

Oregon is so ahead in enviornmental concerns that the college must promote that attitude

Oregon State Colleges are dropping programs and students can not tell what will be there when they graduate.

Our graduates are happy at U of O -They feel they receive a very good education and they enjoy the friendliness of the campus and the city.

OUR students are happy at the U fo O.

Our students have had good experiences at the U of O - they like the social scene, get the classes they need, enjoy the outdoors, etc

Our students stay there, complete degrees and move on.

Our students who go there feel good about the school.

Our students who have visited love it. The representative who visited our school was great & made U of O seem to be a wonderful environment

Overall feeling of our student body over the last 24 years.

PAST COUNSELLEES WHO HAVE ATTENDED-THEIR SUCCESS PEOPLE THAT I HAVE TALKED WITH.

People that I know that have gone to and are attending have positive things to say

Personal Experience

Personal experiences (alumni) specific reports from others/students national/state/local reputation

Personal experiences& students experiences that I have known over 25 years of counseling

Personal visit to campus and to Eugene -Comments from parents, coaches, students

Positive- good education liberal attitude is appropriate for some students Negative- Eugene has a reputation for drugs. Parents are complaining about run-down dorms.

Positive mainly through my relationship with a Physics prof.

Positive student comments Availability of special programs, help for students

Positive visitations from reps. Positive literature received in a timely fashion.

Positive, 1. Students' reports 2. Classes taken

Positive, but declining as cuts are made in Programs that MADE the college outstanding in its way.

Positive. I've done my undergraduate and graduate coursework there. My wife is still a graduate student in the Art History Department.

positive: received my BA & MA degree there

Positive: UO Grad-MS Comp. Sc. 1983 I love Eugene! Negative: Too many TAs Not enough attention to undergrad education

positive-result of my own experience there as a student

Postive due to my contact with facuklty in physics, biology, chem dept. Positive from former student. Continuing ed classes.

Probably due to lack of familiarity. I'm in Santa Barbara & it's a long way from us & not many of our students go that far north for education. I have traveled there quite often & I do know the schools.

Received good training in my MA program in Counseling Psychology Eugene & the campus are enjoyable places-accessible good environment to attend school.

relationship with high schools around the state

Relatives and former students tell me its great!

Reports from alumnae & former students currently studying at U of O.

Reports from my old students are genrally positive

Reputation is strong in fine arts and liberal arts. Weak in sciences. Still has a reputation as a hippy school.

Reputation Niece who attended

Resource to community Helpful when visiting/asking questions

Responses from students. I've attended conferences there.

Returning students mention the positives About U of O

See #6 {good education good staff well repected degree} although U of O is more liberal than I like see no. 3 {Daughter is freshman wife has a masters }

Seems to be respected nationwide

Sister and brother's best friend had negative experiences (undergrad/grad respectively) but colleagues have had very good experiences.

Solid public university devoted to undergraduate program great physical evnironment engaged staff & faculty some good, some bad not enamored with big universities, campus life, moral climate. impressed with programs, campus, faculty

Some high quality programs in many areas. UO is a more culturally-diverse school than most others in state. It's generally a "friendly" campus.

Son graduated from U of O honors college

Spent time on U of O campus as undergraduate, sister attended U of O, news accounts on program, sister-in-law attended

Strength: of programs dedication of faculty location

Strong Academic Programs Strong Admission Requirements

Strong humanities program

Strong programs in key areas Honors College is a real + {plus} Int'l College promises to be a draw
 student who have attended
 Student feed back observing students.
 Student feedback, general impression from visiting
 Student opinions
 Students at the U of O appear to be real rebels in some areas.
 Students get the help they need to enroll and are able to succeed at the U of O.
 Students have enjoyable experiences-
 students that are accepted there and in deed complete education there seem to be well educated, stable,
 solid citizens
 Students we have had that go to the U of O have had a good experience generally.
 Students who go there are pleased. Some faculty members who are friends are good.
 Students who have attended have a positive experience.
 Students who have attended have liked it very much.
 Students who have gone to school there. Activities on campus.
 Success and positive comments of current and previous students
 Success of students who have been there. Honors College & knowledge of faculty & programs
 Admissions is GREAT to work with.
 Success of our graduates Frequent visits Excellent admissions staff First Class!
 Summer school could have been better
 Talk with student who have attended. there. Taking classes on campus
 Talking to students
 The art program is extremely weak. The art Ed program WAS world class (literally) until it was
 dismantled. It's only weakness was the art program faculty & failure to teach foundational skills
 in a rigorous manner.
 the campus is beautiful and the students that attend from Villanova are very happy with the school and the
 education they receive
 The cutting of programs and/or rumors of future cuts backs. When I consult students this is their major
 area of concern also.
 The feedback I get from my students who matriculate there; my own experience taking a class there.
 The graduate classes I have taken thru the U of O have been very good. I also have an excellent
 relationship with the football coaching staff.
 The little I have heard has been positive.
 the location
 The Pacific Northwest is beautiful and I te your school with the scenic outdoors. Also info gleaned from
 fairs and catalogs has always been positive.
 The people I have worked with from the UO are well educated. The students I have taught graduate from
 the UO with excellent backgrounds, etc.
 The public relations with H. School Counsellors & the quality of graduates.
 The quality of graduates that have come from the U of O. The reports from the students of our who have
 attended U of O The information I have received when I have been at the U of O Counselor Day
 The school is too big and impersonal -Majors are being reduced, due to measure 5 -Faculty salaries are
 too low to keep "leading lights" in some fields
 The school is TOO big and too self important undergraduate classes are HUGE. 100+ students. This is
 NOT education, it is business!
 The school is well respected smaller student/teacher ratio than many other public schools, practical
 approach to education
 The student body tends to be more Liberal than OSU in terms of dress,social conduct and image, they
 have done a good job with many of our graduates at both universities.
 The U of O is perceived by many as a very liberal (morally-socially) university.
 The U of O used to have a reputation as a party school only - now (in addition?) they have some excellent
 faculty doing research & getting grants.
 The U of O values diversity in students i.e.-they value out-of state kids & OUR kids from private school.
 Admissions knows my school & takes time to learn about us. My kids LOVE the U of Oregon!
 And it makes me in turn recommend it as a quality school when a kid says they want to go out of
 state, get a good/excellent education & be stretched & have a good time. The diversity of your
 programs & students & location is excellent.

The Univ. of Oregon has a wonderful reputation in Calif. It is a little easier to get into than a U.C. campus. A nice option for many good students.

There are some excellent programs of studies, such as microbiology, architecture, special ed,...

These findings are based on my husband & students experiences as attending students.

They have been helpful to our Sr.s and Graduates. They have given us alot of information at counselor and Sr. conferences. Nice campus, close by.

They have some excellent programs for their students.

Though big it come across as very personal and interested in Calif. students. I have been to a night information session which really impressed me that U. of O. is a place that really cares about students. One of our graduates is there now & loves it.

Too angry of an atmosphere. Everyone has a soap box but few attempt solutions. There is a lot of grass roots activity but no tolerance if one is anti-soap box politics

Too complicated to make generalities - depends on specific situation.

Took my B.A. there. I'm concerned that courses now seem to be less concerned with standards.

U of O and PSU, OSU do a fine job in Oregon. I'm just afraid that budget costs and higher tuition has begun to send students out of state. Training out of state many times means careers out of state.

U of O grad-have kept contacts

U of O graduate.

U of O has some excellent programs (architecture, psychology, etc.), but undergrads get relatively little contact w/ professors, have huge classes, etc.)

U of O is a social school whose reputation has slipped in the last years. Politically active, artsy & paying more attention to P.E. and parties than rigorous undergraduate education.

U of O is my alma mater. I believe I had access to a good education there. Of course my perceptions are based on 70's & 1980.

U of O is still overcoming an image, rightly or wrongly, of a school more concerned with social activities than academic ones.

U of O is the "party school". It is difficult to take it too seriously.

U of O provides diversity- and a learning enviroment different for other state schools

U of O seems to offer a wide variety of field areas from which students can choose. My past students feel that they are learning and growing at U of O.

U of O's reputation; personal experience at a workshop on the campus; sibling is an alumnus.

U. of O, esp. Honors, has good reputation, is an excellent value, U of O as a whole has some reputation as a party school

Undergradaute degree from U of O- experiences were positive.

Undergraduate degree from there. Personal experiences on other campuses.

UO provides students with the best university experience in the state of Oregon, along with the best overall education.

Variety of Majors Location Quality of Staff & students

Variety of Programs Status in Community/State

Variety of programs, including Honors & International programs. Innovative attitude - keeping U of O above and beyond "just keeping up."

Visited the Campus.

Visited there-friendly, laid back students. Nice campus. Solid reputation, O.K. location, Affordable, Strong humanities orientation

Visited U of O as a student on a trip to visit an old friend-had a wonderful time.

visiting campus, students who've gone are happy, educated and graduate in 4 yrs. Have gotten jobs and gone on to graduate school.

Visits to campus Experience of my students

Visits to campus, people I've met, fine arts reputation, atmosphere

Visits, reading material, students and graduates from the U of O

We've sent a couple of good kids your way- I think they've been happy.

What I have heard about the International Studies Program, foreign lang. dept.

What I have heard from others who have attended.

Wide variety of offerings good social and cultural mix disappointing undergraduate class size too many "full" classes

With Ballot Measure 5, it is getting harder and harder to recommend public universities in Oregon

word of mouth evaluations -I'm impressed with their "Foreign Language Day" for high school students

UO STRENGTHS

- Strength: (1) location (2) good undergraduate programs (3) strong arts programs
- Strength: Diversity in academics Diversity and encouragement of ethnic attendance. Stricter admissions
- Strength: Faculty. Student Activities. Athletics.
- Strength: Academic programs. Reputation for high standards. Research
- Strength: Strong programs in both the liberal arts and sciences -strong faculty -rigorous academic program
- Strength: 1 Close 2 Programs are excellent
- Strength: 1 cost 2 strong varied majors 3 location
- Strength: 1 Excellent programs in some areas. 2.Beautiful setting with many activities 3 Diverse ethnic student body.
- Strength: 1 Strong undergraduate program. 2 Diversity of student body & learning opportunities. 3 Being in Eugene- right size, local.
- Strength: 1 the presence of some excellent teachers (instrutors & profs) 2 the honors program 3 the freshman seminars
- Strength: 1) Consistently rated high in quality by services which rate universities. 2) Student service programs which focus on retention & de-institutionalizing institution. 3) Variety of programs
- Strength: 1) Diversity of students & staff- more so than any college in the state 2) Range of courses/majors, with Liberal Arts as a strong component. I don't feel the School of Business has taken over! 3) Eugene is a great city!
- Strength: 1) Faculty 2) Students (variety of students and screening process) 3) course offerings/cultural offerings 4) beauty of the campus
- Strength: 1) In state cost, versus outstate tuition or private college costs. 2) Staying in state may make having job contacts better.
- Strength: 1) In-state school 2) Not too far from Portland 3) Good programs
- Strength: 1) Location 2) Educational opportunities are varied 3) Athletics
- Strength: 1) location 2) options of courses 3) faculty
- Strength: 1) Outstanding, up to date, undergrad& grad faculty who can teach & COMMUNICATE with students 2. Research/Technology 3 International (Pacific)
- Strength: 1) Quality faculty 2) Broad range of courses/majors 3) Balanced commitment to undergrad. ed and research.
- Strength: 1) Science-especially biological sciences 2)Multicultural studies 3)Athletic teams & campus life
- Strength: 1) setting of the campus 2) stress on academics 3) football team
- Strength: 1) Staff- excellent teachers, though lately I worry about the ability to KEEP them 2) Excellent Science facilities 3) Strong student services
- Strength: 1) Students come first-graduation of well prepared people. 2) Involvement in Research in many fields. 3) Large COLLEGE availability.
- Strength: 1) The kindness of the people. 2) Less stressful than Calif. 3) Low crime rate 4) Cheaper housing 5) Lower cost of living in Oregon
- Strength: 1) THE LOCATION 2) IT'S HISTORY
- Strength: 1) The quality of the (older) teaching Staff. 2) The Science and Liberal Arts departments. 3) The cultural diversity.
- Strength: 1)Liberal reputation 2)Psychology Department 3)Faculty reputation
- Strength: 1)location 2)quality of education 3)variety of majors offered
- Strength: 1)Location 2)Tradition 3)Liberal Arts approach
- Strength: 1)Location, including environment and a stimulating community 2) journalism school 3)Cost
- Strength: 1)lower costs 2)Nice geographic setting 3)?
- Strength: 1)Most programs & Departments seem very acceptable and helpful 2)U.ofO. works towards solid research 3)Concern for their students
- Strength: 1)NSF grants working w/high school 2)gender equity research 3)beautiful campus
- Strength: 1)size is large enough to be a research institution without being overwhelming 2)solid academic departments 3)attempts to overcome the "largeness" and concentrate more on the teaching
- Strength: 1)Staff Helpful as well as intellectually gifted (most). 2) Location 3) National reputation
- Strength: 1. A good liberal arts program. 2. Diversity 3. Science facilities.
- Strength: 1. Advantage of a large school and the availability of programs. 2. Students feel important and that people care. The faculty
- Strength: 1. Art, architecture, and psychology depts 2. Honors college 3. Exposure to a wide variety of ideas/cultures
- Strength: 1. Award-winning faculty & departments 2. Increased ethnic diversity 3. Low cost

Strength: 1. Breadth & depth of programs 2. Excellence of faculty 3. Location

Strength: 1. Closeness 2. Size 3. Faculty

Strength: 1. commitment to undergraduate education 2. Physical maintenance of grounds/bldgs 3. New science bldgs & curriculum

Strength: 1. cost of education 2. quality programs 3. location

Strength: 1. diverse student population 2 long-established state school 3 size of campus and Eugene

Strength: 1. Diversification/cultural 2. Excellent faculty 3. " programs

Strength: 1. Diversity of student body 2. Wide-range of programs 3. Science research.

Strength: 1. Educational programs 2. Variety of programs Faculty

Strength: 1. Faculty 2. Location 3. programs

Strength: 1. Faculty 2. Type of students it attracts 3. Great Campus.

Strength: 1. fairly broad course offerings. 2. attractive campus 3. sound liberal arts programs in sciences

Strength: 1. Good faculty 2. Size is about right 3. Diversity of student body

Strength: 1. High standards 2. Quality campus 3. Enduring support system

Strength: 1. Honors College and other smaller group organizations 2. Very good to excellent faculty over all 3. Constantly striving to upgrade resourses.

Strength: 1. Law school 2. variety of students 3. location

Strength: 1. Liberal arts 2. Diversity 3. Community

Strength: 1. Liberal Arts Education 2. Strong Science Programs 3. Location & many opportunities for students in the UNIV. & community.

Strength: 1. Location (Beautiful City/Size) 2. Higher Academic Standards 3. Great programs (Journalism, Architecture Education)

Strength: 1. Location 2. Size 3. Prestige

Strength: 1. Location 2. SOme academic programs 3. Having N.W. Christian College nearby.

Strength: 1. Location-availability of resources 2. Friendliness & faculty support 3. Status in my field (although its diminished now).

Strength: 1. location-environment 2. cost 3. quality of instruction

Strength: 1. My students who went there were happy with their education 2. Offered an out-of-state place for kids who wanted to move away

Strength: 1. National reputation 2. Quality programs 3. Attractiveness to clientele wanting one and two - both students and faculty

Strength: 1. Outstanding life sciences programs. 2. Great arts program. 3. Location/Traditions

Strength: 1. Program quality 2. Variety of majors

Strength: 1. Science and Math 2. being in Eugene 3. Quality education

Strength: 1. Sciences-excellent faculty 2. Honors College-great challenge for kids 3. Business school-excellent faculty

Strength: 1. Specific defrees: Journalism, Architecture, & Schools Urban Planning, Music, and others. 2. Sensitivity to student needs and desires. 3. Emphasis on keeping abreast with new developments.

Strength: 1. Stress upon higher level learning more individualized, informal. 2. Multicultural learning

Strength: 1. Strong programs in Biology, Architecture, Languages. 2. Strong "liberal arts" emphasis 3. Strong "cultural" atmosphere

Strength: 1. There is a place for everyone because of the diversity of the university. 2. Variety of courses of study 3. Location a small town atmosphere

Strength: 1. Tuition costs 2. Undergraduate programs & degrees 3. Availability of housing

Strength: 1. Undergraduate education in the liberal arts campus life 3. faculty

Strength: 1. variety of majors 2. variety of financial programs 3. graduate school programs

Strength: 1 A postive educational environment 2 Emphasis on the undergraduate 3 Diverse student body

Strength: 1.)Honors College 2.)Strength in humanities

Strength: 1.Outstanding faculty 2. good graduate school in Education 3.Location

Strength: 1.-Personal approach 2.- size makes it more likely to attract diverse students (which I know is hard for most Oregon schools) 3.- ability to attract students from other areas

Strength: 1-Location 2-Reputation 3-Faculty-despite the salary limit actions

Strength: A good faculty. Large endowments A good biology department

Strength: a great campus/city -diversity of programs

Strength: great track/cross-country tradition Beautiful campus in a medium sized town Eugene's livability

Strength: A solid undergrad. program -Diversity of students, programs, and related activities -Excellent learning/physical environment on campus, and in the surrounding community.

Strength: a)Faculty b)Size c)"college-town" atmosphere

Strength: A)Location B)Available Programs C)Appeals to a wide spectrum of students

Strength: Ability to have an honors college for the most academically motivated; research opportunities for grad + undergrads;

Strength: Academic programs Professors Good reputation with grass roots activity

Strength: academic rigor (w/out the mortis) breadth

Strength: Academically-science, business areas. Having the law school is a definite advantage. A fairly demanding academic environment supported by a positive quality of life.

Strength: Accessibility Affordability it is in Oregon

Strength: Accessibility Broad range of programs. Reasonable rate

Strength: Admissions people -degrees offered -diversity

Strength: An attempt to provide an array of areas of study. A beginning at specializing instead of all colleges trying to do everything. Strong research faculty in some areas. (Turn them over to government sponsored or private research institutes.)

Strength: Architecture Location Campus

Strength: Arts & Sciences + above things {strong programs in key areas, honors collge, Int'l college}

Strength: Arts -Law

Strength: As one of the 2 large public universities in the state, it is in a position to be a progressive leader in education in the state as a whole -The teacher & counselor training was good -Good location/- Good reputation in architecture, journalism

Strength: Attempts to provide freshmen with a small school atmosphere Size provides diversity & opportunities to expand horizons Individual programs excellent-media/journalism, music, political sci, law

Strength: Best students in OR go there Good overall faculty Eugene is fun to live in.

Strength: Bio & Molec Bio! Political Sci - Law

Strength: Biology at the Honors College

Strength: Bookstore, entertainment, proximity to Corvallis.

Strength: Breadth of programs Quality of students Extracurricular opportunities, overseas study, internships,etc.

Strength: Broad range of courses Size of student body Location Reputation for outdoor activities- hiking, running, sports

Strength: campus - layout, beauty, etc communication programs

Strength: Campus community Faculty Reputation for instruction

Strength: central location to students who don't want to leave state variety of majors facilities and plant

Strength: Certain programs (architecture, journalism, music) Great ethnic diversity Great program diversity

Strength: Certain programs (Journalism, psychology, architecture) cultural diversity women's softball team

Strength: Chemistry Program & Research

Strength: Commitment to undergraduate education, location and interest in local affairs of Oregon.

Strength: Cost for out-of-state residents -Location Architecture Program -Admissions Criteria

Strength: Cost -Good reputation -liberal tendency

Strength: dedication to undergrads excellent reputation (re: education) variety of majors offered

Strength: Degree programs costs very reasonable Beautiful environmental location

Strength: degrees offered -staff

Strength: Degrees: Drafting Business Language COST GOOD STUDENTS

Strength: Depending upon the degree sought 1. Cost 2. Location 3. Reputation (locally-Pacific N.W.)

Strength: devotion to high standards Pursuit of excellence by schools Cost to attend

Strength: Diverse faculty Variety of course offerings Location

Strength: Diverse students Size of school

Strength: diversity

Strength: Diversity for Oregon kids -Diversity Diversity

Strength: diversity -Journalism dept. -their reputation

Strength: Diversity Largeness Urban setting

Strength: Diversity of offerings Certain faculty location

Strength: Diversity of programs " of students Strong faculty

Strength: Diversity of Programs Diversity of student body Nice balance between teaching and research

Strength: Diversity of student body Research facilities Cost

Strength: Diversity of student population excellence of faculty in delivering solid college education balance of research/{undecipherable}

Strength: Diversity Programs (Spe. Educ.) Equipment (S.E.M.)

Strength: Diversity strong dept Bio, Pol. Sci, etc.

Strength: diversity strong depts. to back up the majors students are taking counseling of students
Strength: Diversity yet more low key than some California Universities Students don't seem to be lost though the numbers are high.
Strength: Diversity, breadth of educational opportunity, some truly outstanding faculty, esp. in sciences
Strength: Education Science Music
Strength: Education/Spec Education programs central location in the state state funding
Strength: emphasis on diversity solid liberal arts offering community support
Strength: enthusiastic faculty -inexpensive (relatively) wide range of offerings
Strength: Enviornment supportive community Tuition is affordable
Strength: Eugene
Strength: Eugene Some excellent departments Relaxed atmosphere combined with a good education.
Strength: excellence of faculty location diversity of program-excellent science dept.
Strength: Excellent faculty broad range of majors an ideal location
Strength: Excellent faculty Excellent undergraduate & graduate education Location
Strength: Excellent faculty Warm atmosphere Excellent reputation
Strength: excellent liberal arts cirriculum –honors program
Strength: Excellent professors, majors, & reputation
Strength: excellent reputation wide variety of majors excellent quality of undergraduate education (bio. chem)
Strength: faculty & location
Strength: Faculty Arts Liberal attitude
Strength: Faculty Courses Reputation
Strength: FACULTY Diversity of programs Diversity of students
Strength: faculty interested in undergrad education programs that help other educators (secondary science teachers for ex) community of the campus
Strength: Faculty Location

Strength: Faculty Majors available Location
Strength: Faculty Offerings Campus
Strength: Faculty Philosophy Opportunities
Strength: Faculty Price Location
Strength: Faculty Programs Location
Strength: Faculty Quality- Location- Management-
Strength: Faculty Relations -Location -Atmosphere of Campus
Strength: faculty -research
Strength: Faculty Research Location
Strength: Faculty Students Evironment
Strength: Faculty talent Location Student Diversity
Strength: Faculty Varied programs of study
Strength: Faculty Variety of programs Location
Strength: Faculty Variety of undergraduate programs Location
Strength: faculty, programs, and quality of undergrad programs.
Strength: faculty-especially the English Department. Eugene-beauty and activities School of law School of Architecture Wonderful library
Strength: For in- state residents - Cost Centrally located in-state Law school is supposedly strong
Strength: For MY students- 1. quality of education 2. Location 3. Size 4. Diversity/variety of programs
Strength: Foreign Language Program -Location
Strength: General strong academic programs Research with national recognition It's large enough to merit national recognition but not huge.
Strength: Good academic programs

Strength: Good academic reputation Apparently good students-faculty-Community relationships
Excellent location.

Strength: Good education Good staff Well respected degree

Strength: Good education liberal attitude is appropriate for some students School of Architecture School
of Law School of Business

Strength: Good faculty good location "plugged-in" student population

Strength: Good faculty Good location Good standards for admission

Strength: Good faculty national prestige location

Strength: Good language program/Internat'l Studies Program Active Faculty Cost

Strength: Good location Size (large enough but not too big) Alumni support-has received sizable gifts lately.

Strength: Good location, solid reputation. Good Honor Program.

Strength: Good quality undergrad education and faculty Inexpensive admission -Nice campus, close to us.

Strength: Good reputation Good faculty Excellent course offerings

Strength: Good teachers Honors College Value

Strength: good undergraduate teaching wide variety of curriculum location

Strength: Good value for the dollar Good program in the arts Good community support

Strength: Good variety of majors with a strong faculty. Also, keeping up with the current needs of
students after they have completed their studies. Good preparation for obtaining employment
after degree is earned.

Strength: Grad. studies -Research -Undergraduate opportunities beyond academics

Strength: GREAT classical music station

Strength: great location strong liberal arts program very diversified student body

Strength: Great Town in Eugene, Oregon Artsy, ecologically-minded student body Non-aggressive
atmosphere but academically strong

Strength: greatest-faculty: their ability & their helpfulness location & beauty of campus

Strength: high standards location relatively low cost

Strength: Honors Co. International Co. Japanese Prog. Science Prog. Students may commute

Strength: Honors College ambience reasonable cost

Strength: Honors College Great professors-world class Beautiful campus Great football games My
daughter attended U of O until her major was cut (for 2 years) then did final 2 yrs at OSU- The
classes she took at U of O were stimulating & diverse-world class-cosmopolitan.

Strength: Honors College Law & Environmental Studies Degree Business & Japanese

Strength: Honors College Location Variety of courses offered

Strength: Honors College Science program & Law Quality faculty

Strength: Honors Program Location

Strength: Humanities Faculty

Strength: I believe most of the programs are solid. Diverse education for those attending. Location & size.

Strength: I believe the strengths of the U of O are fading thanks to funding cuts.

Strength: I don't know enough specifically to state three, but the main one that comes to mind is that the
university is one of the best options outside of CA that I suggest to our students. Those who
attend love it.

Strength: I don't think this is answerable. There are many strengths. -Some study areas are very strong.

Strength: I give up. What? Seriously – probably academic.

Strength: I really do not know other than Oregon is slower paced than CA & beautiful!

Strength: I was impressed with high quality of instruction by math faculty, but this was in early 60's!

Strength: int'l/global focus

Strength: It has CITY benefits that many other state colleges do not. The athletic program is attractive to
students. Works well w/comm. colleges.

Strength: it hasn't closed

Strength: It provides a great education for those who are not necessarily in the top 10% of their high
school class.

Strength: it's available educ to our young sts

Strength: It's in Eugene Research Diversity

Strength: Its location, size, and relative affordability.

Strength: Journalism

Strength: Junior-Senior Classes acceptance of student individuality.

Strength: Just hanging in there despite finances and legislature's attitude toward higher education. I think
social sciences & services to community have actually improved the past decade.

Strength: L A Programs x3
 Strength: Law School
 Strength: Liberal (not Permissive) Full fledged university with the energy of such!
 Strength: Liberal Arts
 Strength: Liberal Arts (Liberal attitudes) an above average faculty, in some cases national leaders.
 Strength: Liberal arts curriculum. Compact, attractive campus in area with many recreational opportunities. Size affords many educational opportunities without being too big!
 Strength: Liberal arts focus Women's studies program location
 Strength: Liberal arts programs
 Strength: liberal arts rep professors campus/town
 Strength: Liberal Arts tradition -Location -Ken Kesey
 Strength: Liberal arts, anthropology, architecture, fine arts
 Strength: Liberal reputation, location, faculty
 Strength: library research HONORS COLLEGE
 Strength: Library teaching staff location
 Strength: liveability -proximity for Oregon students -quality education
 Strength: Location
 Strength: location
 Strength: location
 Strength: Location
 Strength: Location
 Strength: location "feel" of the town - small enough but large enough to have good selections
 Strength: Location (Proximity to CA) Attractive campus Good rep
 Strength: Location Admissions to CA students Cost
 Strength: Location Atmosphere Cost
 Strength: Location -Campus -Quality of Education
 Strength: Location -Cost
 Strength: Location cost (low) Opportunity for a good education
 Strength: location cost reputation
 Strength: location -cost -reputation -smallness
 Strength: Location Costs Cultural diversity
 Strength: Location -Diversification -

 Strength: Location Diversity in programs
 Strength: Location Emphasis on Education
 Strength: location facilities faculty
 Strength: Location Faculty
 Strength: Location Faculty Variety of Majors
 Strength: location general comprehensive curriculum ?
 Strength: location good education nice life style
 Strength: Location History of Institution Faculty
 Strength: Location Liberal + not just a social school ie sorority-fraternity atmosphere
 Strength: Location -Not much competition
 Strength: Location Programs Attitudes
 Strength: LOCATION PROGRAMS FACULTY
 Strength: Location quality of education Liberal environment
 Strength: Location Quality of Staff Diversity
 Strength: location reputation faculty
 Strength: location several degree programs are very strong
 Strength: Location size Good Rep.
 Strength: location size quality
 Strength: Location size quality of staff & Programs like FIG
 Strength: location size tradition
 Strength: location size variety of majors
 Strength: Location -Spirit/sense of community -cost for Californians
 Strength: Location Strength in the Arts.
 Strength: Location Undergrad Programs Interest in Students
 Strength: Location Undergraduate Study Organization

Strength: location variety quality
Strength: Location Wide variety of programs Beauty of the campus
Strength: Location, academic standards(presence of the honor college, also), and REASONABLE COST.
(admission standards too)
Strength: Location, affordable, quality of education
Strength: Location, cost, faculty
Strength: Location, prestige weather for some students far enough but not too far from home for Cal students
Strength: Location, staff, reputation
Strength: location; strength of faculty; library
Strength: lovely area college oriented town
Strength: Many areas to major in.
Strength: Many offerings Good undergrad school Excellent post-grad school in several areas
Strength: Medical School Size- not too big or too small faculty
Strength: Metro/suburban environ. Library
Strength: Multicultural-international environment Quality education Good social environment
Strength: none
Strength: none
Strength: Openness Programs strong faculty
Strength: Opportunities for undergraduate research. -SOME opportunities for smaller class size (within the major dept.) _Wide choice in departments/majors.
Strength: Outstanding single professors -Throughout last decades. Diversity of student body. -Strong (in the past) English program
Strength: perhaps one is that they welcome out-of-state students
Strength: Personal attention to students. Relatively moderate cost. Quality staff.
Strength: Positive atmosphere, good teaching, friendly location, good programs
Strength: Pre-law programs Architecture Humanities
Strength: Pre-medicine Pre-law
Strength: Price nice town solid programs
Strength: Program Location Size
Strength: Program reputation of excellence location
Strength: Program Selectivity Location
Strength: program, location, cost environment.
Strength: Programs (academic) -Athletics (both men & women) -location
Strength: Programs Faculty Location
Strength: Programs Faculty Marketing
Strength: Progressive Excellent faculty
Strength: Progressiveness. Emphasis on scholastics.
Strength: Quality education Location in smaller city Public school-more accessible to students financially
Strength: quality faculty nice location
Strength: Quality instructors -campus/learning environment
Strength: quality location cost
Strength: quality of faculty location still good value for tuition dollar though that situation is changing.
Idaho and Montana could benefit from tuition increases here.
Strength: Quality of it's faculty, wonderful setting. Quality of people working in non-faculty positions.
Strength: Quality of staff Selection procedures Size
Strength: quality of staff small class size wide range of majors
Strength: quality of students Honors college Faculty
Strength: Quality of students Quality of education Location
Strength: Quality of teachers Library Resources Quality of campus
Strength: Quality staff high standards diverse (relatively speaking) population
Strength: regional reputation lesser emphasis on greek membership than osu don't know
Strength: Relatively small campus/student body Fairly broad spectrum of classes Community provides employment opportunities for students
Strength: Reputation faculty location
Strength: research
Strength: Research facilities Variety of offerings Campus setting
Strength: RESEARCH MIXED STUDENT BODY VARIETY OF CLASS OFFERINGS
Strength: Research Name Recognition nationally State gives it a lot of \$ compared to state colleges

Strength: Research Orientation Doctoral programs
 Strength: Research prestige Eugene
 Strength: research undergraduate programs offered
 Strength: Resource to the community Reputation
 Strength: Science & research Excellent programs for students who want an education Nice location
 Strength: Science area Speaking and writing(teaching of Rhetoric) (debate) Education School
 Strength: Science Computer Science (Talented and gifted program, i.e. Summer programs, Special Edu.)
 Strength: science department & research location faculty instruction
 Strength: Science Departments Location Graduate Programs
 Strength: science education
 Strength: Science research programs School of Law-losing steam
 Strength: see above { variety of majors, location, quality of staff and students }
 Strength: see above { Variety of programs including Honors * International programs. Innovative attitude
 - Keeping the U of O above and beyond "just keeping up." }
 Strength: Setting Teachers Ethnic/Social variety
 Strength: Size (size of community also) Collegiality Academic reputation
 Strength: size diversity academic reputation (past)
 Strength: size diversity teaching
 Strength: Size Environment Variety
 Strength: size faculty (no more cuts!) location
 Strength: size location & campus few good departments
 Strength: Size Number of Majors Athletics
 Strength: Size of student body -Caring faculty Attractive campus
 Strength: Size Programs Graduate Schools
 Strength: smaller size cheaper cost some excellent programs
 Strength: Solid programs Graduate in 4 years Cost
 Strength: solid reputation -nice location -wide variety of majors

 Strength: sports location variety of courses
 Strength: staff availability majors
 Strength: Staff Curriculum Placement
 Strength: Staff Quality of Ed. Location
 Strength: Staff Size Facilities
 Strength: Status of Degree Programs Cultural Diversity
 Strength: Strength of programs & variety of programs, although I am worried about cuts. Qualified
 instructors Sports programs
 Strength: strength of programs dedication of faculty location
 Strength: Strict admissions- known for high academic standards. High success in job placement. Strong
 programs with facilities (library, computer labs) to enhance success.
 Strength: strong academic program excellent faculty location cost Honors College
 Strength: Strong academic program Freedom of thought and differences Location
 Strength: Strong Community Good size Welcoming
 Strength: Strong computer program. Very good theoretical science area. Good business school.
 Strength: Strong educational programs Good staff. Diversified programs
 Strength: Strong education-good professors, Beautiful & friendly campus. Strong Journalism Dept.
 Strength: Strong faculty Honors College City of Eugene
 Strength: Strong faculty, cost effective education atmosphere for learning.
 Strength: Strong liberal arts -Nice Community -Good size
 Strength: Strong liberal arts program. Strong professional schools.
 Strength: STRONG MOLECULAR BIOLOGY INSTITUTE CENTRAL TO STATE
 Strength: Strong programs good facilities price
 Strength: Strong programs with good liberal arts core positive learning environment diversity
 Strength: Strong research component Great Liberal Arts Special Education
 Strength: Student Diversity Quality/ Accessibility of Teaching Staff Research in Science
 Strength: Student body -locate -undergrad teaching
 Strength: Support for diversity & liberal ideals. Variety Good reputation for quality of graduates.
 Strength: TEACHING STAFF LOCATION GOOD REPUTATION IN ALL/MOST PROGRAMS
 Strength: The community of Eugene Honors College

Strength: The grounds are beautiful There have been excellent exhibits in the museum There are a FEW good faculty members

Strength: The Honors College Its size (still manageable) Its staff and faculty

Strength: The international school Journalism Diverse student body Sciences

Strength: The key to student success is careful choice by the student weighing all factors.

Strength: The location and the surrounding area. The comprehensive course of study and quality of the faculty. The facilities. The extracurricular opportunities.

Strength: The opportunity provided by the Honors College. -The wide variety of living and social organizations. -The location.

Strength: The quality of education on U of O campus The diversity of people at U of O The commitment of the faculty and staff to the U of O

Strength: The school does have some excellent faculty. very good facilities good location "I had some excellent professors."

Strength: The Scope of Curriculum Cost Location

Strength: The size of the school allow opportunities not available at other colleges. The faculty. National reputation of various programs.

Strength: thinking is emphasized undergrad programs honors program/college

Strength: Top students, strong faculty, attractive, functional campus.

Strength: Track program

Strength: U of O shows up on many lists in RUGGS. Anthropology Architecture Comp. Science. Strength size # of majors support from Oregonians

Strength: Undergraduate schooling Counseling Program Health Sciences School

Strength: User friendly Liberal- in a narrow minded state! Open to change-a hard concept for universities!

Strength: varied majors -ideal location -strong extracurriculars

Strength: varied student body varied faculty varied specialties

Strength: Variety of fields offered Availability of faculty location

Strength: variety of majors multi cultural student body endorsements

Strength: variety of majors -unpopulated area

Strength: Variety of offerings Teaching staff. Location/setting/"atmosphere"

Strength: Variety of programs -great town -cost at present levels

Strength: VARIETY OF PROGRAMS STRONG PROGRAMS IN MANY AREAS

Strength: Wide variety of ideas and cultures good faculty unless there is a continued lack of \$ support & faculty moves on.

Strength: wide variety of offerings faculty environment 6 Strength Strong Faculty Strong curriculum

UO WEAKNESSES

NOTE: Excludes 89 respondents who wrote in "none" or left the space blank

Weakness "granola" reputation poor career planning emphasis on sports

Weakness: #1: Arrogant attitude w/regard to the rest of the state system schools #2: Emphasis on attracting out of state students that denies admission to deserving in-state students

Weakness: \$ - support from Legislature & state - too much infighting among depts. You are starting to price good students out - tuition & living expenses are keeping many from attending.

Weakness: \$ & {cents}

Weakness: \$ OverCrowding

Weakness: (1) failure to accomodate candidates for administration degrees (2) possible weakness in sciences

Weakness: *over emphasis on multiculturalism *veering away from the science & tech into the arts

Weakness: *Politically motivated cuts caused by lost funds due to measure 5 *PR problems created by a quite liberal faculty in a fairly conservative state. *Morale problems caused by cuts and threats of cuts to come.

Weakness: 1 Far too much importance placed on the athletic programs! (i.e. Team sports-Football-basketball) 2 Beautiful new buildings with little left inside after many cuts in programs and staff!

Weakness: 1 funding worries 2 termination of programs 3 poor connection to Eastern Oregon

Weakness: 1 GTFs teaching huge classes of undergraduates. Need for positive media coverage. All we hear are the drunken parties & Gay/Lesbian Alliance. 3 Eliminating programs such as Education and P.E.

Weakness: 1 large classes 2 too many T.A.s 3 too many professors/T.A.s that have difficulty speaking English.

Weakness: 1 MEASURE # 5!!! 2 Increasing costs!

Weakness: 1 non caring attitude of the faculty (some) 2 cost

Weakness: 1 The reputation of Eugene and U of O as being very liberal (Too much so for some Eastern Oregon Kids) 2 Too big- our students feel they'll be overwhelmed. 3 Classes are too large (some)

Weakness: 1 the undergraduate program 2 the overbalance of administration versus teaching 3 recent state cuts

Weakness: 1 weather for some California students I can't think of any others

Weakness: 1) BALLOT MEASURE 5 ! 2)

Weakness: 1) basketball program 2) too much traffic on that main boulevard 3) need to set higher admissions standards

Weakness: 1) COST 2) Cost especially for the middle class, these are the people who will run our economy, gov't etc and there are very few if any economic benefits to continue schooling. We will soon lose our middle class if we are not careful.

Weakness: 1) Lack of a School of Education that is there to help undergraduates get a teaching certificate! Some of my most outstanding students have ended up at WOSC, because they want to go into education. And, even if they change their minds about a major, they don't tend to transfer out of WOSC. 2) Parental perception it is a "party" school.

Weakness: 1) Lack of state funding 2) Size of classes at undergraduate level makes students anonymous. 3) A number of students from our school have difficulty adjusting to dorm life- a little too liberal for their background.

Weakness: 1) limited funding 2) a location in Eugene which is difficult to expand 3)

Weakness: 1) Needs to have more involvement in state development 2) Course offerings are weak. Students can't get classes. My son has not been able to get some of his Freshman classes!

Weakness: 1) Pay for the professors (low)

Weakness: 1) Reputation for being "liberal." 2) Program cuts recently due to Measure 5- harder to compete.

Weakness: 1) size 2) expense for a university

Weakness: 1) The lack of effort in helping students make the transition from high school to college. 2) Over-reliance on GTF's to teach courses. 3) A lack of rigor in many of the freshman courses.

Weakness: 1) Too liberal of a social atmosphere. 2) Some staff were horrible teachers 3) Some technology for students was obsolete. (Computers in 78-79).

Weakness: 1)aid given to minorities just because they are minorities! 2)same as above 3)same as above Any aid should be determined on a as needed basis. Not on skin color!

Weakness: 1)Budget declines 2)Losing/reducing College of Education 3)The outgoing Miles Brand

Weakness: 1)Funding 2)Class sizes 3)Liberal reputation.

Weakness: 1)FUNDING 2)FUNDING 3)FUNDING

Weakness: 1)Lack of money - Measure 5

Weakness: 1)measure five cuts 2)

Weakness: 1)mediocre faculty & mediocre students 2) unchallenging curriculum 3)political cowardice - unwilling/or unable to challenge the legislature

Weakness: 1)Perception of the area 2)Exposure

Weakness: 1)quality of undergrad instruction 2)C.S. curriculum 3)cost factor w/ measure five

Weakness: 1)size 2)reputation as party school, weaker in academics 3) lack of diversity (or tolerance))

Weakness: 1)Too much drinking allowed in/about fraternities& sororities 2)Difficulty registering for classes that one needs in order to graduate in 4 years 3) National image is mediocre.

Weakness: 1,2, and 3. An electorate that is too stupid or too insensitive to the importance of public higher education.

Weakness: 1. Attitude in some of the staff 2. Misguided attempts as a catalyst for social change 3. Inflexible management

Weakness: 1. Ballot Measure 5 2. Programs being cut or already cut because of funding. 3. Soaring college costs to students.

Weakness: 1. Cost-but I would make the same comment for any college or university. 2. Admission requirements

Weakness: 1. costs escalating for kids. 2. Pay for teachers too low-Brain Drain 3. Support (state) declining.

Weakness: 1. Ease for students to play rather than work.

Weakness: 1. Emphasis on athletics 2. Cutting of major schools for budgetary reasons. This is happening ewewhere, however. 3. Classes taught by non-English speaking aides.

Weakness: 1. Financial problems 2. The need to make more of our international reputation. 3. Our inability to keep top students in our state.

Weakness: 1. Funding in my program 2. Parking

Weakness: 1. Funding. / Cost 2. Teachers whose name appears on the door should teach the class...not an assistant.

Weakness: 1. Funding-charging too much for out-of-state students-More would come these days if it were a little less. 2. Useless grad. research 3. Athletics are not student oriented

Weakness: 1. Getting too expensive for in-state students. Not enough undergrad financial aide 3. ?

Weakness: 1. Housing (mixing male & female) 2. Social Conditions 3. Professors pushing their own social agenda's rather than sticking to subject materials

Weakness: 1. Image 2. large Freshman and Soph. classes

Weakness: 1. Impersonel 2. Racial problems 3. Large Classes

Weakness: 1. Lack of housing for students 2. Some large classes for undergraduates

Weakness: 1. Lack of state support & funding.

Weakness: 1. lack of variety (cut Ed. for example) 2. not real personal undergrad program

Weakness: 1. Large class sizes or classes taught by graduate students 2. Students should be required to take more classes outside their major to get a broad-based background.

Weakness: 1. Large Classes 2. Perhaps too much contact with GTA & not enough with professors

Weakness: 1. Liberal image 2. money problems 3. emphasis on sports

Weakness: 1. location 2. size 3. tuition cost

Weakness: 1. Loss of undergraduate Education Program 2. Inability to fund scholarship and tuition grants to promising students due to Measure 5 3. Concerns for student saftey on campus

Weakness: 1. Loss of undergraduate teaching program. 2. crowed classrooms. 3. limited funding

Weakness: 1. low entrance standards 2.

Weakness: 1. Media coverage is often very negative. 2. Failure to keep some of their areas within certification. 3. Vast area covered by the campus.

Weakness: 1. Not enough effort is made to recruit the top students within the state. 2. Lack of scholarship opportunities for incoming freshmen. 3. More support should be offered to high schools within the entire state.

Weakness: 1. old, aged buildings 2. lack of new money 3.?

Weakness: 1. Party Reputation 2. Lack of Parking 3. NO SCHOOL OF EDUCATION (teacher training)

Weakness: 1. Poor fundING By STATE 2. Placement of graduates (hte last physics major who was a student of mine was employed flipping burgers) 3. Fundamental math (CALCULUS) classes too large-DITTO for other Basic college classes.

Weakness: 1. Recent catering to out-of-state students because of funding. 2. Absurd altering of discipline of English to whatever you would now call it.

Weakness: 1 Reputation of "dope & Baudelaire" 2 Weak in technical areas 3 School of Educ's poor reputation.

Weakness: 1. Reputation-nation-wide 2. expense of Eugene area 3. Frosh classes are too large

Weakness: 1 Retaining good faculty 2 Retaining strong undergraduate program 3 Money, money, money

Weakness: 1. Size 2. Professor Student ratio (need more professors) 3. New Student programs-to help students adapt to college life.

Weakness: 1. Size. Small school students sometimes get lost 2. Cost- some out of state schools are less expensive and do a better job of financial aid

Weakness: 1. size-too large 2. Not in Portland 3. Emphasis on sports

Weakness: 1. Some tenured professors resting on "Academic Freedom" 2. Administrative unwillingness to set high standards for professors and hold them to it. 3.

Weakness: 1. teacher educ. 2. undergrad education(EXCEPT Honors college) (undergrads get relatively little contact w/ professors, have huge classes etc.)

Weakness: 1. The college emphasizes sports too much. 2. There is still a remnant of it being a haven for the counter culture. 3. Undergraduate classes taught by teaching assistants.

Weakness: 1 the football team 2 closing the school of education 3 Some professors chase old liberal ideals

Weakness: 1. They ignore many outstanding students from smaller schools 2. Brooks' inability to win 3. ?

Weakness: 1. To liberal for the students from my school community. 2. Science department-although its improving. 3. had to cut too many programs.

Weakness: 1. Too much emphasis on sports 2. Rain 3. Prestige of diploma

Weakness: 1. Tuition getting TOO HIGH 2. Not enough help for out of town students to understand financial aid

Weakness: 1. Undergrad. classes are too large 2. cost 3. Undergrad courses taught by GTFs. (tutorials - "ok" but even labs should have an instructor)

Weakness: 1. Unstable funding 2. Need to abandon old ways of "doing business" and construct new paradigms 3. Links to world of work

Weakness: 1. weather (Northwest in general is hard for Californians, but I always tell the people make up for it. 2. budget cuts. ?

Weakness: 1.) class size in many undergrad classes 2.) financial aid 3.) the University doesn't do a good job at getting the word out about the opportunities available at the U of O.

Weakness: 1.)Academic advising - keeping in touch with students as they progress through the instruction.

Weakness: 1) dorms 2)advising 3)class size

Weakness: 1 lack of \$ as with all OSSHE schools, 2 emphasis on grad work at expense of undergrad 3 size

Weakness: 1-Lack of Finances 2-elimination of academic programs *education/teaching, etc.

Weakness: 2 Distinct groups of students: scholars vs party animals -Climate- if you like sun

Weakness: 60s-ish atmosphere Not close to national airport

Weakness: a)an insufficiently large reputation to impress a new resident to the state. b)Falling for calc reform hook, line, and sinker. c)California and Washington colleges soon to get a lot more press.

Weakness: Administrative Undergraduate educ. Community relations

Weakness: admission standards cannot lag behind changes in secondary schools in the state. The University should lead in Educational developments not react to them. Admission to college and university is really what drives things like GNA Honors courses etc.

Weakness: admissions procedure class size

Weakness: athletics funding respect

Weakness: Attempts to attract out-of-state students without seeking to enable local (in-state) people to attend.

Weakness: Availability of faculty for advising -Career advising/After graduation job availability

Weakness: average Athletic programs 2&3 ?

Weakness: Basketball Football Education Programs

Weakness: Being too politically correct. I believe this weakness deters some (not many probably) students who come from conservative communities.

Weakness: big/disjointed reputation as "snob school"

Weakness: Budget cutbacks Will you lose character by admitting all the Californians? freshman class size

Weakness: budget cuts elimination of Education Dept. for Teachers & other programs

Weakness: Campus is poorly organized Graduate studies is over emphasized Needs better contact with State Secondary Schools Weakness elimination of class sections inability to retain staff funding calamity in state re:education K-16

Weakness: Campus safety "Need" to compete in a big conference # of "Teaching Assistants" w/ English as a 2nd Language

Weakness: Certain faculty Size Funding (Measure 5)

Weakness: Class size for undergraduates Housing

Weakness: Complaints I hear from students 1. Advisors not helpful 2. Not ready for the openness of drinking 3. Weakness class size class available

Weakness: Cooperation Promotion } with balance of state. Location

Weakness: Cost Division between Greek/Not Affiliated Emphasis on Athletics

Weakness: cost for out of state students

Weakness: Cost Loss of Programs (Educ.) Size

Weakness: cost size (too big)

Weakness: Costly for out of state students. Weather can be too damp. The cut back in some programs (i.e., Art & Ed. major.)

Weakness: Costs Financial support

Weakness: Costs keep going up Students are concerned about programs being cut

Weakness: cut backs in faculty cut back in programs because of \$

Weakness: Cutting of educational programs, particularly physical education-Dept of Human Movement.

Weakness: Cutting of programs Making the entrance requirements very tough- need to consider indeeded.

Weakness: Cutting programs & raising costs

Weakness: Cutting programs-meas. 5 Cost of tuition going up

Weakness: Dealing w/ individuals Education programs Advisor programs

Weakness: depth of programs for undergrads admissions policy (to easy to get in)

Weakness: Deteriorated campus upkeep Large and impersonal Loss of some programs

Weakness: Difficult for undergrads (Fresh, Soph) to get classes they want Poor communication between students and staff (students' complaint)

Weakness: diverse student body? (lack of)

Weakness: don't know -maybe-feedback from students of large classes + less than caring teachers

Weakness: dorm living appeal to gifted students size

Weakness: Dormitories not well controlled "party school" reputation creating an atmosphere conducive to a major coming tautier(?)

Weakness: drizzle, (a small amount of red-neckism; ex: cross on hill a few years ago--

Weakness: dropping key programs like Education -If tuitions & costs continue to rise too quickly we will have kids who cannot afford it. -large classes

Weakness: easy for freshman to get lost in crowd (size)

Weakness: elimination or stability of key depts or programs -some of the teaching faculty see non-Engl. speaking as limited (math dept) -more students than available classes

Weakness: Emphasis on athletics Administrative reponse to faculty concerns Lack of education program.

Weakness: Employee attitudes. Care/Maint of facilities. Not a good 1st look.

Weakness: Engineering

Weakness: Engineering Education Dept. Size

Weakness: English program undergraduate in liberal arts-program has few good teachers.

Weakness: Eugene

Weakness: Eugene has a reputation for drugs Parents are complaining about run-down dorms Measure 5

Weakness: Excessive liberal reputation (also a strength) perceived lost class size & over use of GTF to teach undergraduate courses.

Weakness: Faculty cuts Program cuts

Weakness: Faculty salaries Isolation from community Lack of adequate funding

Weakness: far from San Jose, Ca.

Weakness: Fear of funding bec. of economy. Some don't like the weather. (Doubt if you can change that Some consider it "granolaic" (Of course, that's a positive for others.)

Weakness: finances cost of tuition

Weakness: Financial Aid Expenses Lack of Ed. program

Weakness: Financial constraints due to Measure 5. Size of some classes. Loss of the College of Education.

Weakness: flux in progress due to \$ -lack of \$ non-teaching faculty

Weakness: Freshman Orientation & Advising

Weakness: funding

Weakness: Funding emphasis on athletics

Weakness: Funding Faculty attitude - haughtiness Domination of Greek system and unwillingness of administration to confront their activities

Weakness: funding for education in this state

Weakness: funding from state salaries of faculty -

Weakness: funding library (is it better now than in the 60's?) School of Ed.

Weakness: funding problems which has caused out of state influx & publicity -lack of fundimental support by the "old timers" who paid for & built the university and are asked to foot the bill for perceived freeloaders. -Using the Law School to file environmental lawsuits which destroy the economy which supports the univ.

Weakness: Funding, funding, and funding The U of O cannot continue to take the hits it has and maintain the same level of quality -Program cuts -Stability of leadership and faculty seems to be suffering- not that some changes aren't OK.

Weakness: Funding/Faculty salaries & retention -Lack of auto access (lack of parking) -Clerical help could be friendlier & more knowledgeable

Weakness: General faculty pay may not attract the best of the new teachers. Funding is weak. Too large for some students.

Weakness: getting adequate funding to continue to operate at existing level Not enough publicity to general public about the successes of faculty and former students failure to attract many top Oregon high school graduates

Weakness: grad students teaching too much large undergrad. classes takes many kids five yrs. to finish

Weakness: Hasn't the prestige of U.C. Little heard about research Publicity in CA not extensive enough

Weakness: Heard horror stories of super large classes taught by grad. assistants who have great difficulty speaking, English Need top professors instructing the courses -

Weakness: Helping students plan program.

Weakness: hippy image size of classes advisors not fully involved

Weakness: I am unaware of any key weaknesses.

Weakness: I am unaware of key weaknesses

Weakness: I beleive that all state schools (including UO) should have better funding/scholarship availability to students who cannot afford to attend

Weakness: I believe that, as with many colleges and universities, the high academic focus for admission purposes, may exclude some young people who would benefit from a college education.

Weakness: I don't know. Two problems have frustrated me in the past: 1. Lateness in the acceptance of international applicants. 2. Mention by students who have attended of minor unpleasant treatment in the town of Eugene.

Weakness: I think admission standards could be higher

Weakness: Impact of Measure 5 Large on lower-level undergrad classes, ESP.LAB SCIENCES.-(TOO LARGE) general funding distress. uncertian future

Weakness: Impersonality, quality of teaching of freshman, fuzziness of vision

Weakness: increasing cost -cutting programs -mobile faculty

Weakness: In-state cost Elimination of some majors

Weakness: It is getting too big in general Classes are too big "Anything goes" liberal attitude

Weakness: It is located in the same state as OSU Football team hasn't been to the Rose Bowl in many years

Weakness: Its football team, climate and programs lost to cutbacks.

Weakness: Its reputation as a "party" school

Weakness: Its to easy to get lost in the numbers and the hubbub.

Weakness: I've NEVER told a kid "don't go to the U of O because..."

Weakness: Ken Kesey -timber town

Weakness: lack of academic rigor many classes much too large failure to prepare and place students in GOOD jobs upon graduation.

Weakness: Lack of adequate funding for programs and salaries -"party school" atmosphere

Weakness: Lack of diverity in the student body and faculty.

Weakness: lack of Education Program (elem-sec) lack/loss of Talented & gifted Program too much emphasis on sports vs. academic

Weakness: lack of funding

Weakness: lack of funding weak public awareness staff student ratio

Weakness: Lack of money to carry on enough research- Lack of finances to help students pay their way

Weakness: lack of state \$ support resulting in too many cuts. lack of good counseling on selection of major

Weakness: Lack of state funds, parking, age of buildings (need to remodel some of the older facilities).

Weakness: LACK of teacher education program (very sad for those bound toward teaching math); dorm's acquired a reputation for rowdiness several years ago - perhaps no longer a problem; perhaps size, but that's a prerequisite for wide scope of programs, which is an ADVANTAGE

Weakness: Lack of visibility

Weakness: large and impersonal

Weakness: Large class size for some undergraduate classes Staff cuts

Weakness: large class sizes for lower div. classes too many T.A.'s teaching funding

Weakness: Large class sizes infrequent student/prof. contact advising problems *While there are many classes from which to choose many students can't get into required courses.

Weakness: Large number of students overwhelming for some. Cuts in Art and Architecture programs.

Weakness: LARGE SIZE

Weakness: Large size, sciences have become too molecular

Weakness: liberal attitude classes taught by foreign grad students class size too big of a school

Weakness: LIBERAL Cost

Weakness: Liberal views on some student activities (liquor for example) Funding/cost - program cutbacks

Weakness: location

Weakness: location

Weakness: Location

Weakness: location cost idealistic

Weakness: Location Exposure Lack of knowledge of reputation

Weakness: LOCATION HOUSING

Weakness: Location in Eugene -Perceived over-emphasis on sports - "Hippie" image

Weakness: Location lack of cultural diversity(students & faculty) national reputation

Weakness: Location Putting out-of-state students 1st Not enough OREGON FACULTY

Weakness: Location/weather Faculty Reputation Diversity

Weakness: lose some good faculty to research(i.e. they don't teach), too little funding too much emphasis on hard science

Weakness: Loss of above due to budget cutbacks in recent years. {National rep, quality programs}

Weakness: loss of accreditation in areas Preception around state as a LA school + liberal/radical student populace In competition with OSU- Land/sea grant school of state

Weakness: loss of art programs & other programs as well cost lack of state support \$

Weakness: loss of education degree program low minority population

Weakness: Loss of funding Reputation as a "party school" Too few professors teaching undergraduate courses

Weakness: Loss of general teacher education program. Doesn't often contact secondary school teachers for ideas or feedback Access for admissions to average students

Weakness: Loss of Programs over the past 5 years Poor reputation Law School has gotten They are "Ducks" not "Beavers"

Weakness: Low admission standards

Weakness: Low faculty pay Not enough funds for research by the faculty

Weakness: low salaries for professors too much bureaucracy & "politics" cannot attract the VERY BEST teachers & retain

Weakness: maintaining good faculty and programs

Weakness: Measure 5

Weakness: Measure 5 cutbacks

Weakness: Measure 5-All Oregon schools are in jeopardy. Climate- Difficult for Eastern Oregonians to get used to the rain.

Weakness: measure five pressures political correctness library resources/hours

Weakness: More internships & encouragement of overseas study Dormitory conditions Impersonal attitudes on part of some faculty

Weakness: Most of the faculty wants to leave. It is becoming too expensive. Classes are getting too big.

Weakness: My students tell me it is a party school.

Weakness: My students tend to use U of O as a back up. Wish we had more kids for whom it was top choice!

Weakness: name recognition

Weakness: Needs education dept

Weakness: no education dept.

Weakness: No education program, seem to lose in-state students, parking!

Weakness: No education school Lack of minority teachers

Weakness: No general Education program To many TA's teaching key lower level courses Many good researchers are poor instructor

Weakness: No real strengths. I have also had some contact with people running your observatory out side Bend and was not overly impressed. I feel you could do some things with H.S. students and Physics, and other areas of study to enrich their education and Impress students.

Weakness: not enough technical/science fields

Weakness: Not having a strong undergraduate program. Giving up its Education Dept. Too much administration with poor leadership in the U of O Presidency.

Weakness: Not near a city Rain Rain Rain Large classes

Weakness: Not well known nationally. Overcrowded.

Weakness: Oh well....if you insist- The weather The lack of being as diverse racially as Cal-(that comes from only a FEW students of mine-who didn't enroll). Nothing else-I rank it very high & I'm delighted the U of Ore. values MY students too! They work hard!

Weakness: old basketball facility -hippie reputation drug/alcohol reputation

Weakness: ongoing budget problems & class sizes public-private (bad idea in long run-short term thinking)

Weakness: out of state tuition not welcoming to Californians

Weakness: over emphasis of sports - detracts from academic focus, at least in image, in my opinion. when budgets are tight academic programs should come first.

Weakness: Over emphasis on athletics lack of state funding

Weakness: overcrowding need stricter/higher admissions standards

Weakness: Over-emphasis on sports (which aren't even good) party reputation

Weakness: Parking is a problem for off-campus students Increasing costs & decreasing programs. No more school of education.

Weakness: Party Reputation -too liberal -Not enough emphasis on graduate schools.

Weakness: party scene(have seen several students get caught in party/frat scene to their academic detriment) current funding cuts lack of diversity in student body compared to east

Weakness: Past reputation of student behavior.

Weakness: Perception as a hippy campus Perception that it is more exclusive than the rest

Weakness: Perception that it is a "party school" – or "too big"/impersonal

Weakness: Personally, I feel education should be a private enterprise and not run by state at all.

Weakness: poor academic advising! poor freshman-level teaching in basics scarcity of offerings (open classes!)

Weakness: Poor Funding Too big for undergraduates Greeks are too strong.

Weakness: Probably budget cuts are having some effect on the education- it doesn't have QUITE the reputation the U.C. system has.

Weakness: Program cuts Oregon Economy State Legislature

Weakness: programs being cut by Measure 5 -graduate students teaching

Weakness: Programs being cut Cost rising rapidly

Weakness: Ranking

Weakness: reputation as a "party" school

Weakness: Reputation as a party school. Former students report that they feel neither welcome nor that they are receiving a rigorous college education. Great attention to athletics.

Weakness: Reputation as counter-culture school, unfounded lack of education school, undergraduate size

Weakness: reputation Athletic emphasis (v.s. academic!)

Weakness: Reputation for Drug Culture High cost Relative size

Weakness: Reputation for not being really serious about education("party") among some Not as well known nationally

Weakness: reputation for undergraduate partying/fraternity drinking lack of state financial support diversity of student body & faculty

Weakness: reputation not wide spread (nationally) size to small for strength across all feilds local job opportunities not great

Weakness: Reputation press student funding

Weakness: reputation, some students from Calif. find it not challenging-- yet others, particularly from suburban areas are very happy there-

Weakness: Research orientation that forces T.A.'s (who aren't even Teachers, let alone good teachers) to inflict themselves on impressionable, needy undergraduates and "professors" who aren't teachers. many of my past students are sucked into drug culture they say is rampant at the U of O. / The past two years students complain about drugs at UO more than any other school.

Weakness: Resistance to change by the University –Lack of vision in a changing world -Dogmatic Bureaucratic Procedures

Weakness: Rich Brooks Funding Pay for liberal arts faculty is below average

Weakness: Rising COSTS- Don't have enough Oregon students Part of OSSHE - (Funding Restrictions)

Weakness: rising tuition lack of international financial aid men's basketball

Weakness: Rising tuition rates Large undergrad classes A higher proportion of out of state students

Weakness: rude/arrogant people who work in front offices and meet people every day -lack of education/teaching department "hippie" environment that's still exists since 1960's -ultra liberal atmosphere, faculty -undergraduates teaching classes

Weakness: Science/Tech Education

Weakness: Shrinking curricular offering due to \$ shortages (Measure 5 effects) -Low professor salaries

Weakness: Size

Weakness: Size - for many of my students it's too big

Weakness: size - many students prefer smaller schools

Weakness: Size (too large) Party school reputation

Weakness: Size- a bit to large for small rural schools. Loss of funding and program cuts.

Weakness: Size -Admissions Standards -Costs (?)

Weakness: Size Class Size Cost

Weakness: size fear of people about cuts

Weakness: Size -Housing availability

Weakness: Size Lack of funds Large classes

Weakness: SIZE lack of money athletics (football + basketball) either get better or GET OUT!

Weakness: SIZE LARGE LECTURE CLASSES

Weakness: size not as know on the East Coast ?

Weakness: Size number of students in each class.

Weakness: size of classes at undergraduate level

Weakness: size of school- I like smaller schools. (personal reason)I prefer private schools

Weakness: Size of student body - becoming too large cost is getting away from bright, middle class students. need to focus on undergraduate studies not graduate program

Weakness: size quality & academic commitment of undergraduates reduction in programs/majors under ballot measure 5

Weakness: size- some students get lost reputation as univ. for "hippies"

Weakness: Size using Graduate Asst. Publish or perish.

Weakness: size weather

Weakness: Size when compared to some small schools students come from. Size sinsidering to individual schools, students- A little snobbishness

Weakness: social values size of classes (some too large) some class teachers

Weakness: Some classes are much too large some professors are inaccessible low pay for faculty-lose good ones.

Weakness: special programs for special ed (L.D. kids) size-too large for many kids

Weakness: stable funding program cuts NO WAY to predict future funding

Weakness: stated in #5 party school (preceptions of students) not helpful (preceptions of parents) focus on grad students

Weakness: Still fooling around trying to be competitive in athletics. Bad Climate- Wet!

Weakness: student attitude

Weakness: Students falling through the crack, ESPECIALLY those without focus and maturity. Changing or dropping programs desire by students.

Weakness: students lack of commitment and no faculty peer pressure -research -rain?

Weakness: Students need to be focused early. Grade inflation...large numbers of pass/fail options may reduce expectations Need to publicize science/tech opportunities

Weakness: Subjected to the uncertainty of money due to the weakness of support from Oregon legislature.

Weakness: Teacher education Otherwise, I don't know.

Weakness: Teaching Fellows Large classes Loss of top staff in our students "Home town" not much you can do about that!

Weakness: The "rain" discourages many students. If you had better weather, you couldn't handle all the students who would flock to Oregon.

Weakness: the attitude of the people of Oregon toward education too large classes for undergraduate too inconsistent from department to department as to commitment to teaching

Weakness: The CITY also puts off some of my students. Too large for some students. Reputation for heavy drug use.

Weakness: The expense of education -The loss of the School of Education -A perceived change in the emphasis of education away from the Humanities & a librel education.

Weakness: The impact of Measure 5; for me, personally, the size of the school. Students tend to "get lost;" Weakness -rising tuition -emphasis on research as opposed to teaching -reliance on GTFs' to do much work for lower wages

Weakness: The loss of several majors (e.g. Library Science) has tarnished overall impressions. The safety of students (particularly girls) in the dormitories has been a continuing issue w/parents.

Weakness: The mentality The inability to work with individuals & their goals The fact that you always get a different answer from everyone. No one seems to know anything

Weakness: They seem to only want your money & not to give a quality education.

Weakness: To much money spent on sports and class sizes are growing with higher costs and fewer offerings due to Measure 5.

Weakness: too angry of an atmosphere, few attempt solutions, no tolerance if one is anti-soap box politics

Weakness: too big \$ too many foriegn TA's teaching lower level courses

Weakness: Too big a student population not selective enough crowded classrooms taught by ta's

Weakness: too large

Weakness: Too large for some kids Too close to Salem Unwilling to accept transfer credits unless they EXACTLY match courses offered at U.O. Not good at helping grad students finish (on time?)

Weakness: Too large for some students. Poor teaching by assistants in some classes. Reputation not as good as some schools. U of Washington, Berkeley.

Weakness: Too Large Too Expensive

Weakness: Too liberal does not relate to rural community surrounding it more concerned with Sports/Research Status Than Education of Undergraduates

Weakness: too liberal -Greek system -counseling to structure student program

Weakness: Too liberal -Lack of college dorms for freshmen -Too socially extreme

Weakness: too liberal too large for some

Weakness: Too many large classes; too much teaching in hands of graduate students- size generally.

Weakness: Too many low paid GTF's. Teachers pushed to publish or do research Corrupt administration (some)

Weakness: Too many major depts. with LARGE class size therefore inaccessible professors and grad. students teaching. -Lack of one-on-one planning of academic career. (I went to the UO for 4 years and never had help planning my schedule/courses.) -Many students are not actively encouraged by profs to do more than coursework ie; research, community service, internships, projects.

Weakness: Too much alcohol-chemical partying for students; some minorities do not feel comfortable there; needs more intellectual pursuits & emphasis in campus life, not just in classroom.

Weakness: Too much emphasis on athletics Eugene

Weakness: Too much emphasis on sports Not as innovative as you could be

Weakness: Too much liberalism & not enough provision for conservative classes in Oregon society.

Weakness: Too much social emphasis perhaps Politics seem more important there than OSU ??

Weakness: too provincial in scope Reputation of faculty as rebels Limited graduate programs

Weakness: Tries to do many things. Very poor location.

Weakness: Trying to do too much.

Weakness: Tuition Lost some important programs like Spanish Education Budget problems from BM 5

Weakness: TUITION/COSTS LOSS OF GOOD FACULTY

Weakness: Tuitions is higher than other state supported colleges in Oregon. Closing residency loopholes may drive away California students. Reputation of school too liberal for some suburban parents.

Weakness: Turns off conservatives

Weakness: under emphasis of importance of undergrad instruction

Weakness: Underfunded. Lack of some schools including education. Terrible parking facilities!

Weakness: Undergrads often feel lost--too large a school. Too many TAs Class size too large

Weakness: Very little career focus/job placement/internship placement- Terrible dorm control- too open for me as parent- (drugs, freely sold in dorm- sex in room next door, etc.)

Weakness: violence on campus

Weakness: We have not see the campus Students are having a hard time getting in, you are "full," students starting to look elsewhere.

Weakness: could improve (and have) the football team. Although not real important educationally, our kids follow the PAC ..and see USC, UCLA, Stanford football. If recruiting. more publicity.

Weakness: weather

Weakness: Weather for some students

Weakness: Weather size of S. Body Measure 5

Which colleges have you attended?
