Article III. Extraterritorial Extension of Water and Sewer Service

17.165.160 Purpose.

A. These regulations govern the approval of requests for the extension of water or sewer facilities outside of the city limits and within or outside the urban growth boundary to serve property within the urban growth boundary, and subsequent extraterritorial connections thereto. These regulations are intended to accomplish the orderly development of land within the community, ensure the adequate provision of public facilities and services, protect the public health and safety of the community, and enable development to occur consistent with applicable provisions of the comprehensive plan.

B. Components of water or sewer systems that serve lands within the city's urban growth boundary (UGB) may be located on lands outside the UGB, in accordance with this article.

C. The city shall not allow connections to its water or sanitary sewer systems outside the city's boundaries or its urban growth boundary, unless as otherwise permitted by Goal 11, implementing rules thereunder, and this article. Annexation of the territory so served is required if the territory is within the urban growth boundary and is contiguous to the city limits. An alternative to annexation, if agreed to by the city and the owners of the affected property, may occur in the place of annexation.

D. An extraterritorial service/facility contract between a property owner and the city is required to govern the costs and responsibilities associated with extraterritorial connections. [Ord. [1198](#) § 3, 2010; Ord. [1182](#) § 3(1), 2008.]

17.165.170 Procedures.

Applications for extraterritorial extensions of water or sewer facilities are reviewed under JCMC [17.150.070\(A\)\(4\)](#), Type IV Procedures. Applications for extraterritorial connections to water or sewer service are reviewed under JCMC [17.150.070\(A\)\(2\)](#), Type II Procedures. [Ord. [1198](#) § 3, 2010; Ord. [1182](#) § 3(2), 2008.]

17.165.180 Application requirements.

An application for an extraterritorial extension of a facility or an extraterritorial connection of service shall include the following:

A. A list of all tax lots proposed to be served, including street addresses and property owner names;

B. A legal description of the property or properties to be served with water or sewer service;

Exhibit A - AMD-15-01 - Annexation Agreement Amendment

- C. A signed consent to annex form for the property or properties proposed to be served;
- D. A map drawn to scale showing the proposed extension of water or sanitary sewer lines to include the proposed number of service connections and their sizes and locations;
- E. A written narrative addressing the proposal's consistency with the approval criteria in JCMC [17.165.190](#);
- F. A completed application in the form provided by the city, accompanied by an application fee as established by council resolution. [Ord. [1198](#) § 3, 2010; Ord. [1182](#) § 3(3), 2008.]

17.165.190 Criteria.

The city administrator shall forward a written recommendation on a proposed extraterritorial extension of a facility or connection to water or sewer service to the city council based on the approval criteria specified in subsections (A) through (F) of this section and JCMC [17.165.200](#) through [17.165.220](#), as applicable:

- A. Annexation of the property proposed to be served is currently not possible due to the inability to meet the criteria for annexation specified in Article II of this chapter.
- B. The provision of service will not prolong uses that are nonconforming uses as specified in Chapter [17.125](#) JCMC, or the Lane County Code.
- C. The proposed extension is consistent with state goals and implementing statutes and administrative rules, specifically OAR 660-011-0060 and 660-011-0065, as well as city and county comprehensive plans and land use regulations concerning extraterritorial extensions and connections.
- D. Sufficient capacity exists in the requested service facilities to serve the existing use(s), as determined by the city in its sole discretion. This determination shall take into account future capacity needed to serve properties and uses within city limits, anticipated by the city's comprehensive plan and this title.
- E. A signed extraterritorial service/facility contract shall be provided in a form approved by the city attorney to resolve issues raised by the requested connection. This contract will be recorded and shall run with the subject property until such time as the parcel is annexed into the city.

The provisions of such a contract shall include, at a minimum: payment of all city SDCs applicable to the existing use(s); development review by the city regarding storm drainage; compliance with all city design and construction standards for extension, connection and future development; compliance with city ordinances and standards regarding system connection and usage (to the extent such city ordinances do not conflict with the terms of the contract or this chapter); a nonremonstrance agreement for future local improvement districts; a provision that written city permission is required prior to submittal of any land division or development application to Lane County or any change in use; and payment of all applicable connection fees, zone of benefit charges, and out-of-city service rates. Other provisions shall be as

[Ord. [1198](#) § 3, 2010; Ord. [1182](#) § 3(4), 2008.]

17.165.200 Water.

In addition to the criteria set forth in JCMC [17.165.190](#), extraterritorial water facility extensions and connections:

A. Shall not: (1) allow an increase in a base density in a residential zone outside city limits due to the availability of service from a water system; (2) allow a higher density for residential development outside city limits served by a water system than would be authorized without such service; or (3) allow an increase in the allowable density of residential development outside city limits due to the presence, establishment, or extension of a water system.

B. Require that the property to be served is connected to an approved means of sewage disposal. [Ord. [1198](#) § 3, 2010.]

17.165.210 Sewer.

In addition to the criteria set forth in JCMC [17.165.190](#), the city may approve an extraterritorial connection to sewer service:

A. To a property within a dissolved special district within which the city is providing services to some properties; or

B. As allowed under OAR 660-011-0060: (1) to mitigate a public health hazard; (2) where DEQ determines there is no practicable alternative to a sewer system to abate a health hazard; or (3) where a Goal 11 exception has been granted by Lane County; or

C. As state legislation otherwise allows. [Ord. [1198](#) § 3, 2010.]

17.165.220 Extraterritorial components of water or sewer system.

Components of a water or sewer system that serve land inside a UGB may be placed on lands outside the city's limits or UGB; provided, that the following conditions are met:

A. Such placement is necessary to (1) serve land inside the UGB more efficiently by traversing land outside the boundary; (2) serve lands inside a nearby UGB or unincorporated community; or (3) connect components of the water or sewer system lawfully located on rural lands, such as outfall or treatment facilities;

Exhibit A - AMD-15-01 - Annexation Agreement Amendment

C. Component placement protects farm and forest practices, except for components located in the subsurface of public roads and highways along the public right-of-way. [Ord. [1198](#) § 3, 2010.]

FINDINGS OF FACT
AMENDMENTS TO JUNCTION CITY MUNICIPAL CODE
CHAPTER 17.165 ANNEXATION, WITHDRAWAL FROM SPECIAL DISTRICTS
AFTER ANNEXATION, AND EXTRATERRITORIAL EXTENSIONS
(AMD-15-01)

1. The Junction City Planning Commission met on March 18, 2015 and recommended the proposed amendment to the City Council for adoption. The amendments includes a revision to JCMC Chapter 17.165 in order to strike language requiring the completion of an Annexation Agreement as part of the Annexation process. The proposed language changes are included in Exhibit A.
2. A public hearing was conducted on March 18, 2015 before the Junction City Planning Commission in accordance with procedures established in JCMC 17.150.070.4.D for proposed amendments to the Junction City development ordinances.
3. JCMC 17.150.070.A.4.D sets forth procedure and notice requirements for amendments to the zoning ordinance, as follows:

“A minimum of two hearings, one before the planning commission and one before the city council, are required for all Type IV applications, except for withdrawals of property from special districts prior to annexations where only a review by the council is required. Procedures for these hearings are set forth in JCMC 17.150.090. Notice of the decision shall be sent to the applicant and any other person who submitted comments on the application during the time allotted for such submissions.”

The Planning Commission held a public hearing on March 18, 2015. The Junction City Council held a public hearing on April 14, 2015 after giving the required notice for Legislative decisions per Junction City Municipal Code Section 17.150.070 (A) (4) (d).

JCMC 17.150.080.C.2 reads, “If particular properties are to be affected more than, or in a manner significantly different from, other properties of the same general character within the City of Junction City, individual notice shall be prepared and mailed to those affected, including all persons within 300 feet of the affected property.” The proposed amendments are not specific to particular properties. Therefore, this standard does not apply.

The following notice was completed for the Planning Commission public hearing:

Notice of the meeting was submitted to the Register Guard on March 5, 2015, a minimum of 10 days prior to the hearing.

A record of the proposed amendment was made available on the City’s website March 2, 2015 as well as at City Hall.

Notice of the proposed change to the ordinance was mailed to DLCD, January 30,

2014, no sooner than the required 35-days prior to the first public hearing with DLCD's approval.

The following notice was completed for the City Council public hearing:

Notice of the meeting was published in the Register Guard on March 31, 2015, a minimum of 5 days, but not more than 20 days prior to the hearing.

A record of the proposed amendments was made available on the City's website, as well as at City Hall on March 20, 2015.

4. The proposed amendment is in conformance with the Zoning Ordinance and with the Comprehensive Plan. The proposed amendment is consistent with the statewide planning Goals.

1. **Goal 1 - Citizen Involvement**

- OAR 660-015-0000(1) develop a citizen involvement program that insures the opportunity for citizens to be involved in all phases of the planning process

- FINDING:** Junction City will follow the prescribed procedures for public hearings before the Planning Commission and City Council as required by Title 17, Zoning of the Junction City Municipal Code.

2. **Goal 2 – Land Use Planning**

- OAR 660-015-0000(2) (PART I – PLANNING): To establish a land use planning process and policy framework as a basis for all decision and actions related to use of land and to assure an adequate factual base for such decisions and actions.

- FINDING:** The Junction Comprehensive Plan currently serves as the controlling land use document for the City. The proposed amendment provides a removal of language requiring a signed annexation agreement prior to annexation. The Comprehensive Plan policies provide the overarching framework for implementation of the Zoning Code and the process noted above.

5. Referrals were sent to city departments, and relevant local and state agencies and governments.

SUMMARY AND CONCLUSION

For all the reasons set forth above, the proposed amendments comply with the Junction City Comprehensive Plan and other Junction City ordinances.
