NOTICE OF ADOPTED CHANGE TO A COMPREHENSIVE PLAN OR LAND USE REGULATION

Date: May 28, 2015

Jurisdiction: City of Keizer

Local file no.: 2015-04

DLCD file no.: 001-15

The Department of Land Conservation and Development (DLCD) received the attached notice of adopted amendment to a comprehensive plan or land use regulation on 05/22/2015. A copy of the adopted amendment is available for review at the DLCD office in Salem and the local government office.

Notice of the proposed amendment was submitted to DLCD less than 35 days prior to the first evidentiary hearing.

Appeal Procedures

Eligibility to appeal this amendment is governed by ORS 197.612, ORS 197.620, and ORS 197.830. Under ORS 197.830(9), a notice of intent to appeal a land use decision to LUBA must be filed no later than 21 days after the date the decision sought to be reviewed became final. If you have questions about the date the decision became final, please contact the jurisdiction that adopted the amendment.

A notice of intent to appeal must be served upon the local government and others who received written notice of the final decision from the local government. The notice of intent to appeal must be served and filed in the form and manner prescribed by LUBA, (OAR chapter 661, division 10).

If the amendment is not appealed, it will be deemed acknowledged as set forth in ORS 197.625(1)(a). Please call LUBA at 503-373-1265, if you have questions about appeal procedures.

DLCD Contact

If you have questions about this notice, please contact DLCD's Plan Amendment Specialist at 503-934-0017 or plan.amendments@state.or.us

NOTICE OF ADOPTED CHANGE TO A COMPREHENSIVE PLAN OR LAND USE REGULATION

FOR DLCD USE

File No.: 001-15 {23656}

Received: 5/22/2015

Local governments are required to send notice of an adopted change to a comprehensive plan or land use regulation **no more than 20 days after the adoption**. (See [OAR 660-018-0040](#)). The rules require that the notice include a completed copy of this form. **This notice form is not for submittal of a completed periodic review task or a plan amendment reviewed in the manner of periodic review.** Use [Form 4](#) for an adopted urban growth boundary including over 50 acres by a city with a population greater than 2,500 within the UGB or an urban growth boundary amendment over 100 acres adopted by a metropolitan service district. Use [Form 5](#) for an adopted urban reserve designation, or amendment to add over 50 acres, by a city with a population greater than 2,500 within the UGB. Use [Form 6](#) with submittal of an adopted periodic review task.

Jurisdiction: City of Keizer

Local file no.: **2015-04**

Date of adoption: 5-18-15

Date sent: 5/22/2015

Was Notice of a Proposed Change (Form 1) submitted to DLCD?

Yes: Date (use the date of last revision if a revised Form 1 was submitted): 3-04-15

No

Is the adopted change different from what was described in the Notice of Proposed Change? Yes No

If yes, describe how the adoption differs from the proposal:

PLEASE COMPLETE ALL OF THE FOLLOWING SECTIONS THAT APPLY

For a change to comprehensive plan text:

Identify the sections of the plan that were added or amended and which statewide planning goals those sections implement, if any:

NA

For a change to a comprehensive plan map:

Identify the former and new map designations and the area affected:

Change from NA change.	to	acres.	A goal exception was required for this
Change from change.	to	acres.	A goal exception was required for this
Change from change.	to	acres.	A goal exception was required for this
Change from	to	acres.	A goal exception was required for this change.

Location of affected property (T, R, Sec., TL and address):

The subject property is entirely within an urban growth boundary

The subject property is partially within an urban growth boundary

If the comprehensive plan map change is a UGB amendment including less than 50 acres and/or by a city with a population less than 2,500 in the urban area, indicate the number of acres of the former rural plan designation, by type, included in the boundary.

Exclusive Farm Use – Acres:	Non-resource – Acres:
Forest – Acres:	Marginal Lands – Acres:
Rural Residential – Acres:	Natural Resource/Coastal/Open Space – Acres:
Rural Commercial or Industrial – Acres:	Other: – Acres:

If the comprehensive plan map change is an urban reserve amendment including less than 50 acres, or establishment or amendment of an urban reserve by a city with a population less than 2,500 in the urban area, indicate the number of acres, by plan designation, included in the boundary.

Exclusive Farm Use – Acres:	Non-resource – Acres:
Forest – Acres:	Marginal Lands – Acres:
Rural Residential – Acres:	Natural Resource/Coastal/Open Space – Acres:
Rural Commercial or Industrial – Acres:	Other: – Acres:

For a change to the text of an ordinance or code:

Identify the sections of the ordinance or code that were added or amended by title and number:

Text amendment to revise Section 2.107 (Mixed Use) and Section 2.414 (Veterinary Services) to allow the boarding of animals in the care of a veterinary care giver in veterinary business in a MU zoned facility.

For a change to a zoning map:

Identify the former and new base zone designations and the area affected:

Change from	to	Acres:
Change from	to	Acres:
Change from	to	Acres:
Change from	to	Acres:

Identify additions to or removal from an overlay zone designation and the area affected:

Overlay zone designation:	Acres added:	Acres removed:
---------------------------	--------------	----------------

Location of affected property (T, R, Sec., TL and address):

List affected state or federal agencies, local governments and special districts:

Identify supplemental information that is included because it may be useful to inform DLCD or members of the public of the effect of the actual change that has been submitted with this Notice of Adopted Change, if any. If the submittal, including supplementary materials, exceeds 100 pages, include a summary of the amendment briefly describing its purpose and requirements.

1 BILL NO. 698

A BILL

ORDINANCE NO.

2015- 719

3 FOR

4 AN ORDINANCE

5
6
7 AMENDING KEIZER DEVELOPMENT CODE REGARDING
8 SECTION 2.107 (MIXED USE) AND SECTION 2.414
9 (VETERINARY SERVICES); **AMENDING ORDINANCE 98-389**

10
11 WHEREAS, the Keizer Planning Commission has recommended to the Keizer
12 City Council amendments to the Keizer Development Code (Ordinance No. 98-389);
13 and

14 WHEREAS, the City Council has held a hearing on this matter and considered
15 the testimony given and the recommendation of the Keizer Planning Commission; and

16 WHEREAS, the Keizer City Council has determined that it is necessary and
17 appropriate to amend the Keizer Development Code as set forth herein; and

18 WHEREAS, the Keizer City Council has determined that such amendments
19 meet the criteria set forth in state law, the Keizer Comprehensive Plan, and the Keizer
20 Development Code;

21 NOW, THEREFORE,

22 The City of Keizer ordains as follows:

23 Section 1. FINDINGS. The City of Keizer adopts the Findings set forth in
24 Exhibit "A" attached hereto and by this reference incorporated herein.

25

1 Section 2. AMENDMENT TO THE KEIZER DEVELOPMENT CODE.

2 The Keizer Development Code (Ordinance No. 98-389) is hereby amended by the
3 adoption of the changes to Section 2.107 (Mixed Use) and Section 2.414 (Veterinary
4 Services) as set forth in Exhibit "B" attached hereto, and by this reference incorporated
5 herein.

6 Section 3. SEVERABILITY. If any section, subsection, sentence, clause,
7 phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional,
8 or is denied acknowledgment by any court or board of competent jurisdiction,
9 including, but not limited to the Land Use Board of Appeals, the Land Conservation
10 and Development Commission and the Department of Land Conservation and
11 Development, then such portion shall be deemed a separate, distinct, and independent
12 provision and such holding shall not affect the validity of the remaining portions
13 hereof.

14 Section 4. EFFECTIVE DATE. This Ordinance shall take effect thirty
15 (30) days after its passage.

16 PASSED this 18th day of May, 2015.

17 SIGNED this 18th day of May, 2015.

City Recorder (Deputy)

EXHIBIT "A"

Findings regarding the adoption of amendments to the Keizer Development Code (Section 2.107 – Mixed Use, and 2.414 – Veterinary Services)

The review criteria are listed in Section 3.111.04 of the Keizer Development Code.

The City of Keizer finds that:

1. General Findings.
 - a. The particulars of this case are found within planning file text amendment 2015-04.
 - b. In February, the Planning Commission voted to initiate the text amendment process, at the request of Doctor and Mr. Eggert, to consider whether to allow a veterinary service to have the overnight boarding of animals in a Mixed Use (MU) zone.
 - c. A public hearing was held before the Planning Commission on April 8, 2015 and a public hearing was held before the City Council on May 4, 2015. The Planning Commission voted unanimously that the revisions be adopted and the City Council unanimously voted to direct staff to prepare an ordinance with findings to adopt the proposed revisions.
2. A demonstrated need exists for the product of the proposed amendment - Section 3.111.04.B.

Findings: The proposed revision to the zone code reflects a demonstrated need. The City Council has recognized that from time to time the City's Development Code should be updated to avoid having the code become so out of date that it would require a massive and costly comprehensive update. The intent is to identify chapters that can be updated in a manageable format. The proposed revision will allow for the zone code to be updated so that it is both easier to read and also eliminates identified confusions within the regulations. The revisions to Section 2.107.03 in the Mixed Use zone will add Veterinary Services as a Special Permitted Use subject to meeting the standards as noted in Section 2.414 (Veterinary Services). The revisions will permit the overnight stay of animals only that are incidental to the practice of veterinary medicine and not the general boarding of animals not in the care of a veterinarian. The City Council has determined that a demonstrated need exists and so complies with this provision.

3. **The proposed amendment to the Keizer Development Code complies with statewide land use goals and related administrative rules – Section 3.111.04.C.**

FINDINGS: The proposed text amendment complies with the statewide land use planning goals as discussed below.

Goal 1 – Citizen Involvement: The adoption of this ordinance followed notice to interested parties, a public process of decision making involving a public hearing, deliberation, and ordinance adoption. Public notice was provided in the Keizer Times. Public hearings were held before the Planning Commission and the City Council. Citizens were afforded the opportunity to participate in the public process. Dr. and Mr. Eggert participated in the public hearing process before both the Planning Commission and the City Council. This process is consistent with the provision for providing an opportunity for citizens to be involved in all phases of this planning process as required by this Goal and with implementing administrative rules within Oregon Administrative Rules.

Goal 2 – Land Use Planning: This ordinance amends the Keizer Development Code. The adoption proceeding was conducted in a manner consistent with requirements of the Keizer Comprehensive Plan, Keizer Development Code, and applicable state law. Notice was published in the Keizer Times. Public hearings were conducted before both the Planning Commission and City Council where opportunities for both verbal and written testimony were provided. Therefore, the proposed revisions to the zone code is consistent with this statewide planning goal and administrative rules.

Goal 3 – Farm Land: The purpose of this goal is to protect lands that are designated for agricultural uses. The proposed amendment will only affect lands that are within the boundaries of the city limits of Keizer. Within the city limits lands that allow commercial agriculture are the Special Agriculture (an EFU qualifying zone), a 10 acre parcel with an EFU designation which is not recognized by the state as an EFU qualifying zone, and the Urban Transition zone. The amendment will not impact any properties that are designated to allow for agricultural uses as none of these designated parcels are likely to have any veterinary businesses on them. The SA zoned parcel is owned by the city is intended for future park uses, the EFU zoned parcel is a field with no buildings, and the UT zoned parcels are mostly small parcels with residences. Therefore, the proposed amendments will comply with the Farm Land Goal and with any implementing administrative rules.

Goal 4 – Forest Land: The intent of this goal is to protect lands that are designated for commercial forest uses. The only lands in the city limits that will allow commercial forestry are the UT, SA, and EFU zones. None of the parcels with these designations are currently in timber production. There are no other

lands designated within the city limits that allow for commercial forestry. The amendments to Section 2.107 and 2.414 of the zone code does not involve any land which is designated as forest land, nor will it impact the use of any forest lands. Therefore, this Goal and implementing administrative rules are not applicable to the proposed zone code amendments.

Goal 5 – Natural Resources: The intent of the Natural Resources Goal is to protect various natural resources such as wetlands, waterways, big game habitat, etc. The city established a Resource Conservation overlay zone to maintain, preserve and protect the natural features adjacent to Claggett Creek. The proposed amendment to the zone code regulations will not affect any of the city's natural resources protection regulations or the lawful use of any properties that are within this overlay zone. Therefore, the amendments to the code regulations to allow the boarding of animals in the care of a veterinarian in a MU zoned facility will be consistent with this goal and with administrative rules designed to implement this goal.

Goal 6 – Air, Water and Land Quality: The intent of this goal is to protect the city's air, water and land qualities. The city provides its residents with city water from groundwater sources. New construction is required to be connected to the established sanitary sewer system reducing the likelihood of groundwater contamination from failing on-site septic systems. The city has storm water regulations which are geared to maintain water quality in Willamette River and other local streams. Land quality is preserved through the city's erosion control regulations and through zone code development regulations. Air quality is preserved through the city's development code regulations which limit certain types of uses in certain zones. Primarily, air quality regulations will continue to be enforced by the appropriate state agencies which govern air emission standards. The revisions to the city's zone code regulations will not impact the quality of air, water, or land resources, and so complies with this goal and with administrative rules that implement this goal.

Goal 7 – Natural Hazards: The purpose of this goal is to protect life and property from hazards resulting from flooding, steep slopes or other natural occurrences. The city has floodplain regulations that govern the placement of structures within identified 100-year floodplains within the city limits. A floodplain is the area that is adjacent to a body of water which may be subject to periodic inundation. In Keizer, these are primarily located along the Willamette River and smaller streams such as Claggett Creek. The floodplains have been mapped by the federal government. With the exception of areas removed from the 100-year floodplain through the Letter of Map Amendment, the 100-year floodplain is the area of greatest concern. While this area is referred to as a 100-year floodplain it is because it has a statistical probability of having a 1% chance of flooding in any one year. The last major 100 year flood event was the 1964 flood. By contrast, the 1996 flood was not a 100 year flood event for Keizer, although clearly there was a significant amount of water flowing

through parts of Keizer during that flood event. The intent of the floodplain regulations is to minimize the loss of life and property damage by preventing development, elevating structures above the flood elevation, or flood proofing structures in the floodplain. Only in the area identified as a floodway will most forms of development be prohibited. The floodway is that area that is generally the channels of rivers and streams which during a flood event will experience very significant water depth and velocity flows. The revisions to the zone code will neither impact this goal nor any administrative rules.

Goal 8 – Recreation: This goal requires the city to identify and plan for the current and future recreation needs of the residents of the city. There are a number of parks, playgrounds, and other recreational opportunities within the city limits. The city has an adopted Parks and Recreation Master Plan that details the city's inventory of park facilities and estimates future park needs for the city's future residents. The proposed text amendments to Section 2.107 and 2.414 will have no impact on the recreational activities or uses within the city. Therefore, this goal and any related rules are not applicable.

Goal 9 – Economic Development: The intent of this goal is to ensure that the city plans for its overall economic vitality. The city recently adopted the Keizer Economic Opportunities Analysis (EOA) that documented the economic trends and economic opportunities which are geared specifically to Keizer.

The EOA documenting the composition of employment by industry in Keizer exhibits several large deviations from the statewide composition. The deviations represent Keizer's competitive advantages in the economy, which fall largely in population-driven services. Industry classifications such as Retail Trade, Education & Health, and Food Service & Drinking Places have a high representation locally. These well-represented industries, in combination with economic development goals and input from the stakeholders, were used to devise potential future target industries. Current employment levels by industry were projected forward based on regional job growth estimates and the above target industry goals. The growth forecast calls for a total of 3,774 new jobs over the next 20 years, representing growth of 55% over current levels.

The EOA estimated the need for 160 gross acres of land to accommodate the projected employment growth. An inventory of remaining buildable lands finds 123 acres of buildable land remaining within the city boundary, in the commercial and industrial categories. However, there is no land available that is well-suited for the institutional category, which includes hospitals, higher education facilities, and other uses that figure heavily into the City's economic development strategy. Finally, the EOA shows there is a need for commercial and institutional lands amounting to 63.3 gross acres above and beyond what the City's remaining buildable employment lands can accommodate. While the proposal will only affect properties that are zoned MU it will have a positive

economic impact as it will allow additional business opportunities for this type of business. Therefore, the proposal is consistent with this goal.

Goal 10 – Housing: This goal requires the city to plan and provide for the housing needs of its residents. The city recently adopted its local housing needs analysis geared specifically to Keizer and identified the projected 20 year housing needs for the city. The HNA indicated that over the upcoming 20-year period, that there will be a growth in the number of non-group households by 4,366 households which will represent a population growth of 11,833 new residents. This is consistent with Keizer's adopted 2032 forecast. When the housing needs of the projected 2033 population is compared to the current housing supply, the analysis projects the need for 4,513 new units to house the future population. The HNA documented that the largest share (50%) of one housing type is projected to be single-family detached homes, due to the stronger need for new ownership housing. The remainder of units is projected to be some form of attached housing (46%), or mobile homes (4%). 54% are projected to be ownership units, while 46% are projected to be rental units. The inventory of buildable residential lands finds a current supply of 315.2 acres which are vacant, partially vacant or re-developable. These acres can hold an estimated 2,422 units. The total 20-year unit need (4,513 units) minus this remaining buildable capacity (2,422 units), leaves a remainder of 2,090 units which must be accommodated beyond the City's remaining capacity within its current boundary. When this remaining land need is apportioned to Keizer's residential zones, the HNA estimates a 20-year need for 267 gross acres of residential land, to be accompanied by 43.5 acres of new land for parks to serve this new population, and 10 acres of land for new school facilities. This is a total of 385 gross acres. The proposed amendments to Section 2.107 and 2.414 will have no impact on either this goal or on any related rules.

Goal 11- Public Facilities and Services: The intent of this goal is to develop a timely, orderly and efficient arrangement of public facilities and services necessary to serve the residents of Keizer. The city provides its residents with water, sanitary sewer, and an established street system. Administrative services, police services, and public safety are also provided by the city. Fire protection services are provided by the Keizer Fire District or Marion County Fire District #1. The proposed amendments to Section 2.107 and 2.414 will not impact any of the city's public facilities and services, and so this goal and any rules are not applicable.

Goal 12 – Transportation: The city has an adopted Transportation System Plan that describes the city's transportation systems. This system includes streets, transit, bike, and pedestrian systems and outlines future needs and improvements to these facilities. The revisions to Section 2.107 and 2.414 will not impact any of the city's public transportation systems, and so this goal and any implementing rules are not applicable.

Goal 13 – Energy Conservation: This goal seeks to maximize the conservation of energy. All new construction requires compliance for review to applicable energy conservation standards. The proposed text amendments will not affect this goal or implementing administrative rules, and so is determined to be not applicable.

Goal 14 – Urbanization: The intent of this goal to provide for an orderly and efficient transition from rural to urban land use. The city has an adopted Comprehensive Plan and zone code that complies with the goal. The proposed zone code revisions will have no impact on the intent of this goal as it only will involve land that is within the city limits and not the use of land being transitioned from rural to urbanized uses and so this section is not applicable.

Goal 15 – Willamette River: This goal seeks to protect, conserve, and maintain the natural, scenic, historical, agricultural, economic and recreational qualities of lands along the Willamette River. While the Willamette River is located along the western flanks of Keizer the proposed text amendments will not impact the Willamette River. The revisions to the city’s code regulations will have no impact on the ability of the city to regulate uses along the river or the Willamette River overlay zone regulations and so this goal is not applicable.

Goal 16 (Estuarine Resources), Goal 17 (Coastal Shorelands), Goal 18 (Beaches and Dunes), and Goal 19 Ocean Resources) govern areas along the ocean. Since Keizer is not located along the coast these goals are not applicable

In consideration of the above findings, the proposed zone code revisions to Section 2.107 and 2.414 complies with all applicable statewide land use goals and with all applicable administrative rules which implement the relevant goal.

4. **The amendment is appropriate as measured by at least one of the following criteria – Section 3.111.04.D:**

- a. It corrects identified error(s) in the previous plan.
- b. It represents a logical implementation of the plan.
- c. It is mandated by changes in federal, state, or local law.
- d. It is otherwise deemed by the council to be desirable, appropriate, and proper.

FINDINGS: The proposed text amendment is intended to correct identified errors within the exiting code regulations. In February, the Planning Commission voted to initiate the text amendment process, at the request of Doctor and Mr. Eggert, to consider whether to allow a veterinary service to have the overnight boarding of animals in a Mixed Use (MU) zone. Currently, a veterinary business is only permitted in the Commercial Mixed Use (CM), Commercial General (CG), Employment General (EG), Commercial Retail (CR), and the Commercial Office (CO) zones. If approved, this revision will clarify some ambiguities within the code, will make moot an interpretation regarding this type of use, and will allow this type of use in a MU zone.

The attached revision to Section 2.107.03 in the Mixed Use zone will add Veterinary Services as a Special Permitted Use subject to meeting the standards as noted in Section 2.414 (Veterinary Services). The revision will permit the overnight stay of animals only that are incidental to the practice of veterinary medicine and not the general boarding of animals not in the care of a veterinarian. The proposed amendment to the zone code represents a logical implementation of the Keizer Comprehensive Plan. The proposed amendment is not mandated by any federal, state, or local laws. The city council found that it was appropriate to consider the proposed amendments and that a need was demonstrated for the proposed text amendments. The City Council has, by this adoption, determined that the text revisions are desirable, appropriate, and proper. As such, the proposal complies with this criterion.

2.107 MIXED USE (MU)

2.107.01 Purpose

The Mixed Use (MU) zone promotes development that combines differing uses (permitted or special permitted) in a single building or complex. This zone will allow increased development on busier streets without fostering a strip commercial appearance. The zone encourages the formation of neighborhood "nodes" of activity where residential and commercial uses mix in a harmonious manner. This development type will support transit use, provide a buffer between busy streets and residential neighborhoods, and provide new housing opportunities in the City. (4/08)

The Mixed Use zone is intended to include a variety of uses identified in this section in relative close proximity to each other as compared to a traditional zone district in which differing uses are segregated. Vertical mixed use is a building in which significant amounts of differing uses are located in the same building with different uses on different floors. While mixed use development is primarily intended to consist of retail or other businesses on the ground floor with housing or office uses on upper stories it is not required that every building within a mixed use area is developed with different uses within it. Clusters of residential and commercial uses around landscaping features or parking areas will also occur. Development is intended to be pedestrian-oriented with buildings close to and oriented to the sidewalk. Parking may be shared between residential and commercial uses. (4/08)

The Mixed Use zone is suitable for the Medium Density Residential, Medium-High Density Residential and Mixed Use Comprehensive Plan designations. (5/98)

2.107.02 Permitted Uses

The following uses, when developed under the applicable development standards in the Zoning Ordinance, are permitted in the MU zone:

- A. **One or more buildings with one or more dwelling units** or guest rooms on a lot. (5/98)
- B. **One or more buildings with one or more dwelling units** or guest rooms and one or more other uses allowed in this section on a lot. (5/98)
- C. **Residential homes** and facilities. (5/98)
- D. **Child day care service**, including family day care provider. (5/98)
- E. **Public parks, playgrounds, community clubs** including swimming, tennis and similar recreational facilities, and other public and semi-public uses. (5/98)

- F. **Public or private utility substation**, but excluding electrical substation. (5/98)
- G. **Landscape counseling and planning (078)**. (5/98)
- H. **Transportation, Utilities and Communication**. (5/98)

- 1. **Travel agency (4722)**. (5/98)
- 2. **Communication (48) BUT EXCLUDING communication services**, not elsewhere classified (489). (5/98)
- 3. **Public utility structures and buildings**. (5/98)
- 4. **Transit Facilities (Section 2.305)**. (5/09)

I. **Retail Trade:**

Except as allowed under Section 2.107.05.B, the following retail uses shall be limited to buildings of 10,000 square feet or less:

- 1. **General merchandise stores (53)**. (04/08)
- 2. **Food stores (54)**. (04/08)
- 3. **Apparel and accessory stores (56)**. (04/08)
- 4. **Home furnishing, appliance and equipment stores (57)**. (04/08)
- 5. **Eating and drinking places (58)**. (04/08)
- 6. **Retail, (59) BUT EXCLUDING non-store retailers (596) and fuel and ice dealers (598)**. (04/08)
- 7. Uses listed in 2.107.02.I. a through f if developed in a vertical mixed use development shall not be considered as a specified use in 2.107.05.E. (04/08)

J. **Business, Professional and Social Services:** The following business and professional and service oriented uses are allowed:

- 1. **Finance, insurance and real estate (60, 61, 62, 63, 64, 65, 67)**. (5/98)
- 2. **Hotels, motels and lodging facilities (701)**. (5/98)
- 3. **Personal services (72) BUT EXCLUDING:** power laundries, family and commercial (7211), linen supply (7213), dry cleaning plants, except rug cleaning (7216), carpet and upholstery cleaning (7217); and industrial launders (7218). (5/98)

4. **Business services (73) BUT EXCLUDING** disinfecting and exterminating services (7342), building and cleaning services (7349), and equipment rental (735). (5/98)
 5. **Watch, clock and jewelry repair (763).** (5/98)
 6. **Recreational or athletic clubs.** (5/98)
 7. **Health services (80) BUT EXCLUDING** hospitals (806). (5/98)
 8. **Legal services (81).** (5/98)
 9. **Miscellaneous services (89).** (5/98)
 10. **Community or neighborhood clubs.** (5/98)
 11. **Parking lots.** (5/98)
 12. **Pet Grooming** (6/01)
- K. **Public administration (91 - 97).** (5/98)

2.107.03 Special Permitted Uses

The following uses, when developed under the applicable development standards in the Ordinance and special development requirements, are permitted in the MU zone:

- A. **Partitions**, subject to the provisions in Section 2.310. (5/98)
- B. **Subdivision**, subject to the provisions in Section 2.310. (5/98)
- C. **Planned unit development**, subject to the provisions in Section 2.311. (5/98)
- D. **Accessory structures** and uses prescribed in Section 2.203.02. (5/98)
- E. The following special uses subject to the applicable standards in Section 2.4:
 1. **Shared housing facilities** (Section 2.403). (5/98)
 2. **Zero side yard dwelling units** (Section 2.404). (5/98)
 3. **Home occupations** (Section 2.407). (5/98)
 4. **Bed and breakfast establishments** (Section 2.408). (5/98)
 5. **Residential sales offices** (Section 2.409). (5/98)

6. **Public golf course** (SIC 7992) or membership recreation club having golf course (SIC 7997) (Section 2.410). (5/98)
7. **Boat and RV storage area** (Section 2.411). (5/98)
8. **House of Worship** (Section 2.423). (5/98)
9. **Recreational vehicle storage space** (Section 2.413). (5/98)
10. **Electrical substations** (Section 2.426). (5/98)
11. **Wireless Telecommunications Facilities** (Section 2.427). (5/98)
12. **Cottage Cluster Development** without the creation of any new lots (Section 2.432). (6/14)
13. Veterinary Services (Section 2.414)

2.107.04 Conditional Uses

The following uses may be permitted subject to obtaining a conditional use permit:

- A. **Craft Industries**, subject to the provisions in Section 2.421. (5/98)
- B. Transit Station (Section 2.429). (5/09)
- C. **Cottage Cluster Development** with the creation of new lots (Section 2.432). (6/14)

2.107.05 Use Restrictions

- A. The following uses are not permitted: (04/08)
 1. Farm Use. (5/98)
 2. The rendering, processing, or cleaning of animals, fish, seafoods, fowl, poultry, fruits, vegetables, or dairy products for wholesale use. (5/98)
 3. Any outdoor display or storage of merchandise or materials unless consistent with Section 2.107.05.B.7. (04/08)
 4. Camping or over-night in parking lots. (04/08)
- B. Retail uses as set forth in Section 2.107.02(I) are limited to buildings not exceeding 10,000square feet of gross leasable area except as provided herein. Such retail uses over 10,000 square feet may be permitted as allowed in an approved master plan subject to meeting the following requirements: (04/08)

1. In addition to the requirements in Section 2.309 (Site and Landscaping Design), provide increased screening and buffering when any portion of the building is located adjacent (as defined in Section 1.200) to existing or planned residential areas so as to adequately screen the building. (04/08)
2. In addition to the requirements in Section 2.107.06(B), provide increased building setbacks when any portion of the building is located adjacent (as defined in Section 1.200) to existing or planned residential areas. (04/08)
3. In addition to the requirements in Section 2.315.08, provide increased architectural features such as the use of three differing materials, color, textures, on building facades that are visible from a public street so as to minimize the effect of large blank walls. The elevations of all buildings shall be varied in textures, and material and shall incorporate human scale design elements. Elevations of all buildings shall incorporate no more than fifteen feet between varied vertical elements such as materials, patterns and textures, architectural features such as columns, projections, and differing planes shall be used liberally with no greater than 22 feet between such features. Materials shall be varied at the same frequency as the architectural elements. These materials shall incorporate cultured stone, split face Concrete mortar units (CMU's), as well as smooth faced CMU walls. (04/08)
4. Include architectural features that reflect those of the remainder of the building around any outdoor garden / nursery area to include such things as hard walls, windows and awnings. (04/08)
5. Limit any outdoor display or storage of merchandise to the area adjacent to the building. (04/08)
6. Direct lighting to avoid causing glare onto adjacent properties and be generally low in height, light sources shall not be visible beyond development boundaries. (04/08)
7. Provide mitigation measures that address adverse traffic and livability impacts in the surrounding neighborhood. This will include such things as enclosing all service equipment and service areas and any other issues identified in a master plan or traffic impact analysis. (04/08)
8. Drive-thru businesses shall have the drive-thru oriented away from both existing and planned residential areas. (04/08)

- C. A retail building of the type described in Section 2.107.02(I) is allowed to exceed the 10,000 square foot limit subject to Master Plan approval and compliance with all requirements of this Chapter. (04/08)
- D. Larger Format Stores.
1. Retail buildings of the type described in Section 2.107.02(I) that exceed 10,000 square feet ("Larger Format Stores") require the development of non-retail/non-single family home uses in the Master Plan area that have a total square footage of at least 25% of the gross leasable area of the Larger Format Store. As used herein, "non-retail" shall mean uses other than those listed in Section 2.107.02(I). (04/08)
 2. Larger Format Stores in excess of 80,000 square feet of the type described in Section 2.107.02(I) shall meet the requirement set forth in Subsection D(1) above. In addition to such requirement, for each square foot of vertical mixed use development in the Master Plan area, the Larger Format Store can be increased above 80,000 square feet by an equivalent amount. The mixed use square footage requirements of Subsection D(1) and this Subsection cannot be combined. (04/08)
 3. The development required in Subsections D(1) and D(2) above shall take place in the same Master Plan area. The approved Master Plan shall be conditioned to require such development to be constructed before or concurrently with the Larger Format Store. (04/08)
- E. A limitation of the total floor area for specified uses applies to all of Area C – Keizer Station Center of the Keizer Station Plan. A maximum total floor area shall apply to the uses identified in Section 2.107.02(I). This maximum floor area is set forth in the Keizer Station Plan, however this maximum floor area may change as part of an approved master plan or amended master plan. (06/10)
- F. Proposals to develop properties within Area C of the Keizer Station shall comply with Master Plan requirements outlined in Section 3.113, and also with requirements specified in 2.107.05.G.1 through 6 below. (04/08)
- G. Proposals to develop properties outside of Area C of the Keizer Station shall require approval of a Master Plan and compliance with the following: (04/08)
1. Pedestrian Access, Safety and Comfort (04/08)

- a. To ensure safe, direct, and convenient pedestrian circulation, development shall provide a continuous pedestrian and/or multi-use path system. (04/08)
 - b. The pathway system shall extend throughout the development site, and connect to all future phases of development, adjacent trails, public parks and open space areas wherever possible. (04/08)
 - c. Pathways with developments shall provide safe, reasonably direct and convenient connections between primary building entrances and all adjacent streets and parking areas. (04/08)
 - d. For all developments subject to Master Plan review, pathways shall connect all building entrances to one another. In addition, pathways shall connect all parking areas, storage areas, recreational facilities and common areas (as applicable), and adjacent developments to the site, as applicable. (04/08)
 - e. Recessed entries, canopies, and/or similar features shall be used at the entries to a building in order to create a pedestrian scale. (04/08)
 - f. The proposal contains an equally good or superior way to achieve the intent of the above criterion and guidelines. (04/08)
2. Vehicular Movement (04/08)
 - a. Encourage traffic to enter and exit the development at locations in a safe manner. (04/08)
 3. Crime Prevention and Security (04/08)

Crime prevention shall be considered in the site design through application of all of the following guidelines: (04/08)

- a. Territoriality – All proposed building entrances, parking areas, pathways and other elements are defined with appropriate features that express ownership. For example, landscaping, fences, pavement treatments, art and signs are some physical ways to express ownership through design. Such features should not conflict with the need for natural surveillance, as described in b.; and (04/08)
- b. Natural Surveillance – The proposed site layout, building and landscape design promote natural surveillance. Physical features and activities should be oriented and designed in ways that maximize the ability to see throughout the site. For example, window placement, the use of front porches or stoops, use of low or

see-through walls, and appropriate use of landscaping and lighting can promote natural surveillance. Sight-obscuring shrubs and walls should be avoided, except as necessary for buffering between commercial uses and lower density residential districts, and then shall be minimized; and (04/08)

- c. Activity Support – The proposed site layout and building design encourage legitimate activity in public spaces. For example, locating outdoor seating in areas that are visible from inside a restaurant helps to discourage crime and supports the activity of dining; and (04/08)
- d. Access Control – By properly siting and designing entrances and exits (i.e., in clear view from the store), and through the appropriate use of lighting, signs and/or other features, the proposed plan controls access in ways that discourage crime; and/or (04/08)
- e. The proposal contains an equally good or superior way to achieve the intent of the above criterion and guidelines. (04/08)

4. Reduced Parking (04/08)

Reduce or waive minimum off-street parking standards. The applicant may request a reduction to or waiver of parking standards based on a parking impact study. The study allows the applicant to propose a reduced parking standard based on estimated peak use, reductions due to easy pedestrian accessibility; availability of transit service, and likelihood of car pool use; and adjacent on-street parking. The parking study is subject to review and approval or modification by the City. (04/08)

5. Creating and Protecting Public Spaces (04/08)

- a. The development provides an appropriate amount of public space as determined by the City Council in addition to sidewalks and landscaping. (04/08)
- b. Public space may be a landscaped open space or plaza with pedestrian amenities, as approved by the City Council. (04/08)

6. Human Scaled Building Design (04/08)

Building facades are designed to a human-scale, for aesthetic appeal, pedestrian comfort, and design character of a development. The City Council may determine architectural character, continuity of building sizes, roof forms, rhythm of window and door spaces and the general relationship of buildings to public spaces such as street, plazas, other open space and public parking. (04/08)

The proposal contains an equally good or superior way to achieve the intent of the above criterion and guidelines. (04/08)

In addition, the provisions within Section 3.113.05 apply.

2.107.06 Dimensional Standards

A. Minimum Lot Dimension and Height Requirements

DIMENSION	Single Family	Duplex or Multi-Family	Commercial	Mixed Use
Lot Size	4,000 sq. ft. (1)	6,000 sq. ft. (2)	None (3)	None (3)
Average Width	40 feet	50 feet	None	None
Average Depth	70 feet	80 feet	None	None
Maximum Height	35 feet	50 feet	50 feet	50 feet(4)

- (1) *A single family dwelling attached on one side has a minimum lot area of 3500 square feet, and a single family dwelling attached on both sides has a minimum lot area of 3000 square feet. (5/08)*
- (2) *Multi-family development must comply with the density standard in Section 2.107.07.1 (06/07)*
- (3) *Parcel size shall be adequate to contain all structures within the required yard setbacks. (06/07)*
- (4) *Height of vertical mixed use development may exceed this limitation without a concurrent variance and maximum height will be determined during master plan process. (04/08)*

B. Minimum Yard Setback Requirements

SETBACKS (5)	Single Family or Duplex	Multi-Family	Commercial	Mixed Use
Front	10 feet	10 feet (1)	10 feet (1)	10 feet (1)
Side	5 feet (2)	10 feet	(4)	(4)
Rear	(3)	(3)	(4)	(4)
Street-side	10 feet	10 feet	10 feet	10 feet
Garage entrance (6)	20 feet	20 feet	20 feet	20 feet

- (1) *For all MU zoned property fronting Cherry Avenue south of Manbrin Drive the minimum setback shall be 5 feet and the maximum shall be 10 feet for yards adjacent to Cherry Avenue. The maximum setback shall apply to the primary wall of the building. Indentations in the primary wall, such as alcoves, courtyards, etc. have no maximum setback. (5/98)*
- (2) *Zero side yard dwelling units are subject to the setback provisions in Section 2.404. (5/98)*
- (3) *The rear yard setback shall be as follows: 14 feet for a 1-story single family home, duplex, or multi-family building; 20 feet for a 2-story single family home, duplex, or multi-family building. Setbacks are to be measured from the architectural rear of the building regardless of the building's orientation to the property lines. (06/07)*
- (4) *The rear and side yard setbacks adjacent to a residential zone shall be no less than the minimum rear yard setback of the zone on the adjacent property. In no case shall the setback be less than 10 feet, except there is no required setback adjacent to a non-residential zone. (5/98)*
- (5) *Setbacks are measured from property lines, not easement lines. However, no structure shall be placed any closer than five feet from the edge of an access easement or 20 feet from the right-of-way of an arterial or collector street. (5/98)*
- (6) *The garage entrance setback shall be measured from the property line or edge of private access easement to the entrance of the garage. The centerline of the driveway shall be measured if the driveway to the garage entrance is not perpendicular to the property line or private access easement. In no case shall a garage be set back less than the minimum front, side, and rear setbacks. (5/98)*

2.107.07 Development Standards

All development in the MU Zone shall comply with the applicable provisions of this Ordinance. The following includes referenced items as well as additional development requirements:

- A. **Off Street Parking:** Parking shall be as specified in Section 2.303. (5/98)
- B. **Design Standards** - Unless specifically modified by provisions in this Section, buildings located within the MU zone shall comply with the following standards: (5/98)
 - 1. Single family homes shall comply with the design standards in Section 2.314. (5/98)
 - 2. Residential structures with four or more attached dwelling units' including Cottage Cluster Developments), and non-residential structures shall comply with the provisions in Section 2.315 - Development Standards. (6/14)
 - 3. For MU zoned property fronting Cherry Avenue south of Manbrin Drive; residential use shall occupy no less than 35% and no more than 65% of the building floor area on any property. (5/98)
- C. **Subdivisions and Partitions:** Land divisions shall be reviewed in accordance with the provisions of Section 2.310. (5/98)
- D. **Yards and Lots:** Yards and lots shall conform to the standards of Section 2.312. (5/98)
- E. **Signs:** Signs shall conform to the requirements of Section 2.308. (5/98)
- F. **Accessory Structures:** Accessory structures shall conform to requirements in Section 2.313. (5/98)
- G. **Landscaping:** All required yards shall be landscaped. Landscaped areas shall be landscaped as provided in Section 2.309. The minimum landscaped area requirements shall be as follows: (5/98)

Commercial development:	15%
Mixed commercial and residential development:	20%
Residential development:	25%

H. **Lot Coverage:** The maximum coverage allowed for buildings, accessory structures and paved parking shall be as follows: (5/98)

Commercial development:	85%
Mixed commercial and residential development:	80%
Residential development:	75%

I. **Density:**

1. For property zoned MU as identified in the Keizer Station Plan, the minimum density for subdivisions, partitions, multi-family or any residential development shall be a minimum 8 units per acre and a maximum 24 units per acre, except there shall be no minimum residential density requirement for multi-family development within a mixed use building. (12/03)

The minimum density for multi-family development shall be 8 units per acre; the maximum density shall be 24 units per acre, except there shall be no minimum residential density requirement for multi-family development within a mixed use building. (05/98)

2.414 VETERINARY SERVICES

Where permitted as a special use, veterinary services for animal specialties shall meet the following use and development standards. (5/98)

- A. **Building Required.** Except as provided in subsection B., of this section, all operations shall be conducted within completely enclosed and soundproof buildings and overnight stay shall be limited to short term care that is incidental to the practice of veterinary medicine. (5/98)

- B. **Outside Runs.** Outside runs for dogs and other animals shall be operated only between the hours of 7 a.m. and 6 p.m., with an attendant present on the premises. Outside runs shall be located at least 50 feet from every lot in a residential zone. Outside runs shall be screened from adjacent lots and streets in residential zones by a sight-obscuring fence, wall, or hedge. (5/98)
