

2021 OIMB Summer Seminar Series

Oregon Institute of Marine Biology

Online ZOOM seminars, Wednesdays at 4:00 pm Pacific:

NOTE: Seminars are password protected but we'd like to accommodate guests!

Contact organizer Maya Watts (mwolf1@uoregon.edu)
to request zoom invitation and password (24 h notice)

June 23 **S. Kersey Sturdivant**, Nicholas School of the Environment, Duke University Marine Lab
*"The untold story of recovery following the Deepwater Horizon incident:
A worm's eye view"*

June 30 **Brandon Chasco**, Fish Ecology Division, NOAA - National Marine Fisheries Service
"Lost at sea: unraveling the mysteries of salmon marine survival"

July 7 **Colleen Burge** Assistant Professor, Institute of Marine and Environmental Technology,
University of Maryland Baltimore County
*"Host-Pathogen Interactions in a Changing Ocean: from Disease Emergence to
Solutions?"*

Special Double Feature

July 14 **Melva Treviño Peña** Assistant Professor, Division of Marine Affairs, University of
Rhode Island
*"Engaging with diverse coastal communities: From "listening" to bringing them
into the research"*

July 15 *"This is the way?: Carving our own paths in academia"* – Pathways to Science Talk

July 21 **Solène Derville** Post-Doctoral Fellow, OSU, HMSC, Marine Mammal Institute
*"Anticipating large whale entanglement risk off Oregon through a predictive
approach to spatial conflict"*

July 28 **No Seminar**

August 4 **Malin Pinsky** Associate Professor, Dept. Ecology, Evolution, and Natural
Resources, Rutgers University
"Ecological and evolutionary responses to global change across realms"

PUBLIC LECTURE

August 11 **Henry Choong** Curator, Invertebrate Zoology Royal BC Museum
Joel Gibson Curator of Entomology at the Royal BC Museum
*"Shoreline biodiversity research at the Royal BC Museum: 2011 Japanese Tsunami
Marine Debris (JTMD) hydroids and transoceanic dispersal/Insects in the marine
environment- Barnacle flies"*
